Revolt Raging in Holland

Deeds of 8th Army Inspire Victory Loan Campaigners

Germans Killed In Belgium; Trains Wrecked

LONDON (CP)—Reports from the continent today said revolt was raging in occupied Holland and had spread "like wildfire" across the border into Belgium, where there was a series of attacks on German troops, military establishments and communications.

Reverberations of the Allied victory in north Africa were said to be shaking the whole of Hitler's Europe.

Accounts of sabotage, armed clashes and general resistance poured in from Poland, Norway, Yugoslavia and Greece, but Hollanders and Belgians appeared to be giving Nazi occupation forces the greatest trouble.

There were indications in reports reaching here that the Germans were sending additional troops into the Low Countries, but it was not clear whether this was in anticipation of an Allied invasion or to suppress rebellion.

The broadcast came as Axis sources disclosed that five more Netherlands citizens had been executed in the town of Eindhoven under the recent proclamation of martial law in the Netherlands, bringing the total put to death since May 1 to 43.

At the same time, it was reported that inhabitants of Eindhoven had been forbidden to stand in doorways or windows after nightly curfew, and police were instructed to shoot offenders on the spot. Eindhoven is the site of the off-bombed Philips radio works, and the Germans apparently were afraid the Netherlands might be signalling Allied raiders.

Belgians Kill Nazis, Wreck 3 Trains

Belgian patriots were reported to have stormed a military garage in Ghent, killing 14 guards and demolishing 11 trucks with hand grenades. Others derailed and wrecked three trains on the Malines-Louvain and Manur-Huy lines, local sources said. One train was said to have carried troops entering Belgium, many of whom were killed. The other two trains carried munitions, it was reported.

Advices from the continent said railways were being attacked at so many points that the Germans were detaching special guards armed with machine guns on each car.

A similar report came from Warsaw, where a locomotive was said to have been badly damaged just as it entered a station. A German railway inspector killed the Polish engineer and fireman on the spot, the report said, whereupon Polish workmen beat the inspector and two other Germans to death with crowbars. Hastily-summoned Nazi troops were declared to have killed five Poles.

The Italians were said to have established an 8 p.m. curfew along the Mediterranean coast of France.

The Netherlands government in London urged Holland's 400,000 ex-servicemen to defy German orders to register for re-employment.

The appeal, broadcast Wednesday night by the free Netherlands station Radio Orange,

Fighting in Streets Goes On for Days

A Reuters dispatch from Stockholm said reports there were that shooting broke out in the streets of Holland's cities three days after martial law was declared, and that the names of 44 executed persons had been announced, although many more were known to have been shot.

Events were moving also in a far-off field. Reports received in London Wednesday night indicated that in the Balkans Draja Mihailovic's patriot army was inflicting a sharp defeat on the Italian occupation troops in the Montenegrin mountains, having killed 476 and captured 730.

(The Vichy radio in a broadcast recorded by the Associated Press in London, said Pierre Laval had been summoned to a conference in Paris with representatives of German and Italian military commanders of the western European front.

(Through Stockholm came reports of armed uprisings against the German forces in Lithuania, Latvia and Estonia.)

Churchill On Air Friday; to Address Congress May 19

WASHINGTON (AP)—Prime Minister Churchill will address the United States Congress next Wednesday at 12:30 p.m., E.D.T. Sp "ker Sam Rayburn of the House of Representatives invited him this morning, he accepted, and Rayburn returned to the Capitol to arrange a joint Senate-House session.

The White House said, meanwhile, that a radio address Mr. Churchill has scheduled for Friday afternoon (noon P.D.T.) will be almost entirely for home consumption in Britain. It will carry out a promise made before

the Prime Minister came to the United States to honor the anniversary of the British Home Guards. U.S. networks will carry the address if they wish. (In Canada it will be broadcast by CBC's network.)

Whether Mr. Churchill's speech to Congress will be broadcast is up to Mr. Rayburn. The White House did not indicate the theme of Mr. Churchill's speech.

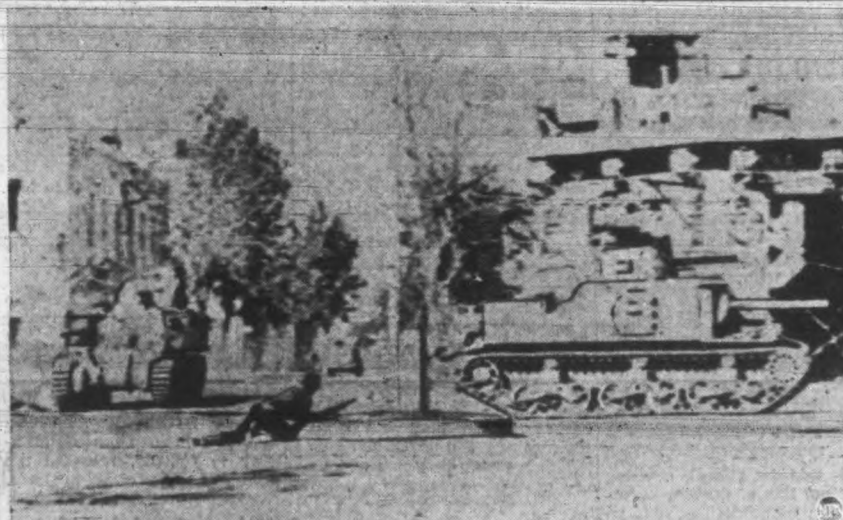

Canadians Bag 4

LONDON (CP)—Medium bombers raided railway yards at Boulogne in France today while R.A.F. Spitfires made widespread daylight sweeps over Northern France in which they shot down six Nazi Focke-Wulf-190 fighters, the air ministry news service reported tonight.

Canadian fighter pilots shot down four German fighters.

END OF THE TRAIL FOR THESE AXIS PRISONERS—As the British on Cape Bon, and the American and French forces in other sectors in Tunisia continued their unrelenting attacks, more and more Axis soldiers joined the line of prisoners, totaling tens of thousands. Here a steady file march under the watchful eye of two British tommies. (Telephoto).

CLEAN-UP JOB OF THE TUNISIAN CAMPAIGN—Tanks search out enemy snipers and corner them while volunteer infantrymen crawl along behind to finish the job during the final stage of the Tunisian campaign. (Radio-Telephoto).

Italians Fight to the End

175,000 Axis Prisoners In Last Tunisia Round-up

By WILLIAM B. KING

ALLIED HEADQUARTERS, NORTH AFRICA (AP)—Allied mopping up parties hunted the last ragged remnants of Hitler's African armies in Tunisia today to round out a victory which Gen. Sir Harold Alexander has called "one of the most complete and decisive in history."

A military spokesman estimated the prisoners would total "nearly 175,000" when the last of the holdout detachments are rounded up in the offensive launched May 5.

All organized resistance has ended.

The Allied air force, with no more targets in North Africa, moved its aerial offensive across the Mediterranean.

German and Italian armies were crushed and their commander-in-chief, Col. Gen. Jürgen von Arnim, was among the 150,000 captives already counted.

Lt. Gen. Kenneth Anderson of the British 1st Army received Von Arnim Wednesday in his headquarters tent after the German, refusing to accept terms of unconditional surrender, was driven nearly 100 miles by automobile for an interview.

Illustrating the Allied dominance, the Briton told war correspondents: "The situation is such that if Von Arnim won't sign the terms it won't matter anyhow."

Von Arnim was cornered by the Indian 4th Division near Ste. Marie du Zit, midway between Tunis and Enfidaville and on the approaches to the Cap Bon peninsula. He sent out envoys under a white flag and then surrendered, but declined to sign the terms. These were that the enemy cease destruction of war material, turn over weapons undamaged, and assist in clearing them.

The small pockets of enemy soldiers who fought on either side had not heard about the general debacle or preferred to remain in action despite the surrender of their commander.

Gen. Dwight D. Eisenhower, reviewing the six-month campaign, said Gen. Alexander, deputy commander-in-chief in charge of ground forces, had manoeuvred

cleverly so that the 1st Army got in the knockout punch from the west while the bulk of the enemy troops were held on the southern front by the fact "everyone, including the Germans," expected the 8th Army again would strike in Africa.

On the southern sector facing 8th Army positions fighting was stubborn throughout Wednesday morning, but the battle ended as organized combat during the day.

Naval forces, which played an important part in the final stages of the battle by preventing the escape of defeated Axis soldiers aboard vessels, continued to patrol the coast of the Cap Bon Peninsula. During the past few days naval vessels have picked up various craft bound for Pantelleria or Sicily and brought them back to join their 150,000 companions behind barbed wire in Africa.

Gen. Alexander told his staff: "We have wiped out an entire army and today we stand masters of the whole of North Africa."

"This is a great victory, one of the most complete and decisive in history," he said. "We have taken 150,000 prisoners, over 1,000 guns, 250 tanks and a mass of lorries and equipment of all sorts which probably will take days if not weeks to count."

(The Italian high command announced today that the Italian 1st Army, headed by Marshal Giovanni Messe, had ceased fighting this morning by order of Mussolini. The communique, broadcast from Rome and recorded by the Associated Press, said that to this army "fell the honor of the last Axis resistance on African soil.")

Allied headquarters said that small isolated pockets of the enemy still remained to be mopped up.

Churchill, F.D.R. May Discuss India As Anti-Jap Base

WASHINGTON (AP)—The strategic possibilities of India as a base for major operations against Japan apparently constitute one of the main questions under discussion among Prime Minister Churchill, President Roosevelt and their top-flight military and naval commanders gathered here for decisions on future war plans.

Disclosure that Field Marshal Sir Archibald P. Wavell, supreme commander in the India-Burma theatre, had arrived in London to take a vastly more active role for that sector of the front against Japan is in the making.

With Wavell came Admiral Sir James Somerville, commander-in-chief of Britain's eastern fleet, based on Ceylon, and Air Chief Marshal Sir Richard Peirse, the theatre air commander.

BURMA ROAD

These three direct the only land, sea and air forces in position to open a route for heavy movement of supplies to China—the Burma Road. That the enemy controls this road has become of extreme importance for two reasons:

First, the reopening of the Mediterranean as a result of the Allied clean-up in north Africa so shortens shipping routes to India that delivery of greatly increased war material there this summer seems certain.

Second, until those supplies can be transhipped to the Chinese armies the full weight of Allied military power cannot be brought to bear on Japan's Asiatic flank.

The impression persists here that the broad pattern of action in Europe has already been fixed since an early invasion of the continent calls for such masses of men and material and such minute planning of detail that the strategy must have been laid out long before this.

Theoretically Japan is now encircled, but the ring needs to be drawn tighter and vital resources and bases must be cut off from her before the encirclement begins to squeeze. The only active threat to the vital interests of the island empire at present is posed by United States naval and air forces in the Pacific.

COSTLY MAINTENANCE

From Kiska Island, in the Aleutians, down to Guadalcanal in the Solomons and Port Moresby in New Guinea, the Japanese must be constantly on the move, using up ships, planes, men and oil, even to maintain their present defensive position.

West and north of Australia, however, the situation is different. The Japanese so far have not been threatened in their main and immensely rich position in the Dutch Indies and Malaya.

Tia Juana Ablaze

SAN DIEGO, Calif. (AP)—A block-long fire which was threatening much of the Mexican border town of Tia Juana, Mex., was reported by the San Diego fire department this afternoon.

Churchill in Washington

British Prime Minister Winston Churchill, right, shown in car with President Roosevelt, in Washington for the third time since outbreak of war. He is shown arriving at the White House. (Telephoto).

Northholm Body Found

PRINCE RUPERT (CP)—The body of George Nordstrom of Vancouver, one of 15 men who lost their lives when the coastal steamer Northholm foundered last Jan. 16 off the north coast of Vancouver Island, has been found on a lonely beach in the Queen Charlotte Islands, Provincial Police reported this afternoon.

Greater Victoria Needs \$1,349,700 To Complete Quota

Greater Victoria entered the home stretch in its Fourth Victory Loan race with Greater Halifax today many lengths in the rear, this community's total of \$5,730,300 being \$1,649,650 behind the Maritime district's figure of \$7,379,950. With two business days to go, however, including Friday, designated as "8th Army Day" and other features scheduled, it was felt that a supreme effort by citizens would enable Victoria to make a showing in the race and uphold community honor.

Esquimalt, aided by military subscriptions larger than had been expected, was the first complete unit on Vancouver Island to attain its quota, passing that mark Wednesday and continuing strongly today.

Greater Victoria today still lacked \$1,349,700 of its bare quota of \$7,080,000. Unit figures for the district stand as follows:

	Subscription	Quota	Deficit or Surplus
Victoria	\$3,225,450	\$4,100,000	\$874,550
Esquimalt	844,700	1,075,000	230,300
Northholm	725,750	1,110,000	384,250
Greater Victoria	5,730,300	7,080,000	1,349,700

Final BULLETINS

Riot in Berlin

Echo of Tunisia

LONDON (CP)—A Reuters dispatch from Stockholm tonight said a riot broke out Wednesday in Berlin before the German army's information office when thousands of women and elderly men gathered to obtain information about their relatives in the Africa Corps.

The dispatch quoted a report from the Berlin correspondent of the Goteborg Handelsidningen. It said the people were brusquely dismissed when they made their inquiries at the information office and were told they would be given the necessary information at a more opportune moment.

Whereupon, it reported, the crowd began rioting and S.S. troops (Elite Guards) had to be called. It said the riot was broken up without the use of their arms by the troops.

The newspaper, the Reuters account said, stated similar riots were reported from other parts of Germany.

Nazi Recaptured

COCHRANE, Ont. (CP)—Hans Helpert, German prisoner of war who escaped Wednesday night from a prison camp at Montclair, Ont., was captured today by provincial police in the railway yards here. He is believed to have made the 45-mile trip on a freight train.

16 Axis Generals Caught in Tunis

Canadian Press

Sixteen generals, headed by the Axis commander-in-chief, have been listed in dispatches as among the prisoners of the Allied offensive in Tunisia.

The highest ranking officer among them is Marshal Giovanni Messe, commander of the Italian 1st Army.

Airmen Shackled

HANOVER, Ont. (CP)—A letter received here from Sgt. Elmer Bell of the R.C.A.F. indicated Canadian airmen as well as soldiers captured at Dieppe are shackled in Germany.

"I am quite fit physically, but I don't know whether these chains we wear will affect me in the future," wrote Sgt. Bell, whose plane was shot down over Germany last July 28.

Rommel in Greece

NEW YORK (AP)—A BBC French-language broadcast was quoted today by CBS as saying Field Marshal Erwin Rommel, former Axis commander-in-chief in North Africa, had arrived in Salonika, Greece. BBC did not give the source of its report.

New Style K.P.'s

CAMP ELLIS, III. (AP)—When 16 soldiers volunteered for permanent kitchen police duty at this huge United States army service forces unit training centre, veteran officers thought they smelled something cooking. They did. The K.P.'s will go on a day-on-day-off basis, will receive passes from the reservation, and will be excused from all drill and other formations. "Besides," said one, "man, do we eat!"

Edmonton Draft Office Attacked By Firebug

EDMONTON (CP)—City police today investigated the apparent attempt of a firebug to burn down the Edmonton office of National Selective Service by tossing a gasoline soaked rag through a window of the building housing the office.

Police reported the timely arrival of a janitor who doused the flames without assistance apparently saving the offices.

ANNOUNCEMENTS

Arion Club Concert, Royal Victoria Theatre, Monday, May 17, 8.30 p.m. Assisting artist, Patsy Swift from Chicago. Admission \$1. Auspices Kinsmen's Club Milk for Britain Fund. Tickets on sale from members and at Fletcher Bros.

Rummage sale, Sat., May 15, 9 a.m., next door to Westholme Hotel, Government Street.

Shawigan Beach Hotel for a complete change. Boating, tennis, log fires. City office G 4834.

200 Ships in Sight For Merchant Fleet, Howe Tells Commons

OTTAWA (CP)—Canada has in sight a government-owned merchant fleet of some 200 cargo ships if the present shipbuilding program is carried out, Munitions Minister Howe Wednesday told the House of Commons.

The present policy is to continue building slower ships which are more economical for war transport service, but plans are being studied to convert some of the present shipbuilding capacity to faster ships after the war.

The minister made his statement on the Mutual Aid Bill in answer to questions from Howard Green, Prog. Con., Vancouver South. He said while some 70 to 75 Canadian-built ships have been sold to the United States to obtain United States dollars, the exchange situation now had been eased, and he hoped it would not be necessary to sell more.

The government, said Mr. Howe, is retaining all the ships which can be manned, but there is a shortage of crews which cannot be fully met by the merchant training schools.

With sales to the United States stopped the remainder of the ships would be retained either to be manned by Canadian crews and operated for Canada or chartered to the United Kingdom. Ships so chartered would be recalled after the war, when it was hoped they could be manned with officers and sailors from the Canadian navy.

"We expect, therefore, that the government merchant marine will be a substantial source of employment in the postwar years and will be of real benefit to Canadian postwar commerce," said Mr. Howe.

OPERATING COMPANY

"That is the policy. In the meantime we are following the same procedure as is followed in Britain. Canada is not operating her ships directly."

"They are turned over to an operating company, known as the Park Steamship Company, that is, the ships that are operated with Canadian crews. The Park Steamship Company allocates ships to existing shipping lines which have, over the years, operated certain routes from Canada."

"These lines have their agents in ports of call to be made by the ships and the ships are chartered for one voyage only. They may be transferred from one operating company to another, depending on the service in which they are placed for a particular voyage."

The ships, said Mr. Howe, were operated for the government on a small fee. The earnings are being placed in a special fund to write off the cost of the ship, and by the end of the war it is expected a substantial part of the cost of the fleet will be paid off.

By the end of 1941 four or five cargo ships had been built. In addition to ships sold to the United States and transferred to the United Kingdom, Canada had 16 or 17 new ships in the merchant marine.

Ships were chartered to Britain on a "bare boat basis." The title did not pass under the gift legislation of last year or the Mutual Aid Bill of this year, as mutual aid did not envisage permanent transfer of articles having a postwar value.

Mr. Howe said that ships were chartered to the United Kingdom for \$1 a year or some nominal sum. Even though ownership was retained in Canada it was consistent to charge the capital cost of the ships to the mutual aid account. Ships built to be manned by Canadians and operated under the Canadian flag were not charged to mutual aid.

Earnings from ships operated by Canada were returned to the consolidated revenue fund and the cost of the ship was written down proportionately. When the ship was turned over to another government under mutual aid there was no chance of a write-down.

Canadian building costs were lower than in the United States and compared favorably with the British cost.

Bracken in Calgary

CALGARY (CP)—John Bracken, national Progressive Conservative leader, arrived in Calgary this morning.

During the forenoon he visited the C.P.R.'s Ogden shops and munitions plant and the Burns and Company plant. At noon he had luncheon with a group of nearly 100 farmers of the district and conferred with them during the afternoon.

This evening he will speak over radio station CFRC here from 7 to 7.30 and later in the evening will leave for Edmonton, from where he is expected to fly up the Alaska Highway.

U.S. Fliers Resume Raids On Kiska

WASHINGTON (AP)—The United States navy today identified the three Allied ships sunk by Japanese planes off Guadalcanal Island in the Solomons, April 17, as the U.S. destroyer Aaron Ward, the U.S. tanker Kapawha, and the New Zealand corvette Mos.

The identifications were made in a communique which also reported a resumption of air attacks against enemy positions of Kiska Island in the Aleutians, three new raids against Japanese bases in the Solomon Islands, and a bombardment by U.S. light warships of the enemy positions at Vila and Munda in the Solomons.

Resumption of air action in the Aleutians ended a four-day period of inactivity described here as having resulted from bad weather. The latest attack was made May 11, and the last raids previously reported against Kiska took place May 6.

Results of the surface bombardment of Vila and Munda were not given, but of the air raids an attack on Kahili Wednesday was reported to have started a number of fires "which appeared to be burning enemy aircraft."

The navy previously had reported on the April 7 Japanese raid, saying that of 98 bombers and fighters which executed the attack 39 planes in all were shot down, while U.S. losses were given as one destroyer, one tanker, and one corvette sunk; one small fuel oil boat damaged and a total of seven aircraft lost.

150 Veterans Return to Canada

MONTREAL (CP)—More than 150 Canadian soldiers and sailors and members of the Canadian auxiliary fire services arrived here today by train on their way to homes across Canada after seeing service overseas. Two of the men had been on torpedoed Canadian corvettes, others at Dieppe and with coastal anti-aircraft units.

A number of them had recently been released from hospital after treatment of injuries suffered during the Dieppe raid and are being invalided home. Others are coming to Canada to act as instructors and to receive commissions.

They said the Atlantic crossing was "just like a summer excursion" and that they had seen no sign of enemy craft.

One of the Dieppe veterans is Pte. Norman Anderson of Regina, Sask. He went into the French port with the South Saskatchewan Regiment but his boat did not make the beach.

"We were about 250 yards off when our boat got hit," Anderson said. "One of the shore batteries walloped it on the side and upset it, throwing us all into the water. The water was mighty choppy, but I think all of us got ashore."

Anderson said he was on the beach for five hours before a bullet shattered his leg. "I had to get back to one of the boats, but not before we had finished off a lot of Germans," he said.

Windsors Arrive in New York

In the United States in connection with business matters for the Bahamas Islands, of which he is governor, H.R.H. the Duke of Windsor is pictured with the Duchess, as he arrived in New York from West Palm Beach, Fla.

St. Joseph's Babies Visit Hospital

Left to right: Howard Griffith, son of Mr. and Mrs. M. Griffith; Robert Earl, son of CPO, and Mrs. H. Earl; Evelyn Hughes, an incubator baby, daughter of Mr. and Mrs. V. C. Hughes, and her sister, Frances; Michael, son of Mr. and Mrs. J. Durrell, and Robert, son of Bdr. and Mrs. L. W. Wheeldon.

Wednesday was Hospital Day, and according to annual custom, St. Joseph's Hospital held "open house" and, among many other visitors, warmly welcomed babies who had been born at the hospital, together with their mothers.

Throughout the afternoon, a large number of visitors called at the hospital and were shown through the building by members of the Ladies' Auxiliary to the hospital, also by members of the alumnae. The different departments were inspected and the various supervisors in charge explained and answered the visitors' inquiries. Student nurses showed visitors through the Nurses' Home.

Royal Jubilee Hospital received crowds of interested visitors, who were welcomed by Miss Lena Mitchell, matron, and Miss S. Porritt, assistant matron. Nurses conducted groups of guests over the buildings, and the school children, including a group of girls from St. Margaret's School, were shown over the Nurses' Home by Miss Dorothy Colquhoun, Miss Emery Nelson and Miss Saunders.

Vice-Regal Party At Pacific Command

VANCOUVER (CP)—The Governor-General and Princess Alice today began a round of official visits and inspections which will keep them in Vancouver until Monday, when they will begin their return trip to Ottawa.

This morning they met officers of the Pacific Command.

He Bought Bonds

LONDON, Ont. (CP)—Pte. V. F. Robinson of Palmerston, Ont., who now is stationed at the central mechanization depot, London, decided today that a Victory Bond is better than a home. He subscribed \$3,000 to the loan which he had been saving to buy a house.

Excuse Accepted

NIAGARA FALLS, Ont. (CP)—Mrs. Betty Wright, required to appear in court on a careless driving charge, had a real excuse for not attending court—she was in hospital giving birth to a baby. Mr. Wright appeared for her, entering a plea of guilty and paying \$25 and costs.

Sylvia Tate, seated between her twin brother and sister, John and Jeannette. They are the children of Mr. and Mrs. J. F. Tate, of 27 Simcoe Street, and were all born at St. Joseph's.

Cumberland Flier Shares in Raid On Duisburg

LONDON (CP)—Malcolm MacDonald, British High Commissioner to Canada, attended the briefing of crews of Wing Cmdr. L. Crooke's Wellington squadron Wednesday before the bombers flew off toward the "happy valley" of the Ruhr, where the heaviest attack of the war was made on the industrial centre of Duisburg.

The assault was made by a joint R.A.F.-R.C.A.F. force. One of the Canadian squadrons was under Wing Cmdr. M. M. Fleming of Ottawa.

After returning home, the enthusiastic Canadian airmen told the usual stories of huge explosions spreading fires throughout the battered city.

"One granddaddy of an explosion started with a tremendous white flash and it lasted long enough for me to look up from the controls and see it die away," said PO. C. E. Macintosh of Winnipeg.

PO. Larry Noble of Prince Albert, Sask., said one flash was so bright and big he thought an ammunition dump had received a direct hit. Other airmen reporting explosions included Sgts. Ernest A. Kirkham of Brandon, Man., and Milton Warren of Geraldton, Ont.

"There were lots of really neat fires, but one of them topped everything I have ever seen," said Sgt. Leslie Burnett, an air-gunner of Winnipeg. "It started with an explosion that shot flames 2,000 feet high. When it died down thick black smoke rose about 6,000 feet."

Others who participated in the raid were POs. Wilfred Shaw of Camrose, Alta.; A. L. Gibson of Edmonton and Sgt. Jack Williams of Cumberland, B.C.

Washington Miners Demand Contract

SEATTLE (AP)—Miners in the state of Washington will not work without a contract after midnight, May 18, district leaders of the United Mine Workers of America declared today.

The decision, announced by District President Sam Nicholls, ended uncertainty as to what policy would be pursued after expiration of an extension of the working contract.

Nicholls reported that union representatives Wednesday night approved unanimously the decisions of the international union through President John L. Lewis and its policy committee.

He said any settlement reached in the eastern mines controversy would be applicable in Washington.

Correspondent Sees 'Chutists Jump at Shiloh

By ERIC SANDERSON
SHILO CAMP, Man. (CP)—It's "heads up" and "straight forward" for Canada's soldiers of the sky.

Watching from an Avro Anson bomber, I saw several men from the 1st Canadian Parachute Battalion "roll out" of a huge Lockheed Lodestar transport over the plains at this camp—largest army camp in western Canada.

The men are flown here from No. 1 central navigation school, R.C.A.F., at Rivers, 45 miles northeast. The R.C.A.F. operates in conjunction with the battalion in flying the soldiers.

Circling the field, the door on the port side of the transport, piloted by Fl. Lt. T. E. Daniels of Los Angeles, is opened by the jumpmaster and then orders are issued.

At the last command, the paratroopers, with heads up and eyes forward, roll out—five seconds apart.

SEEN FROM ABOVE

Their white, silk parachutes are barely visible against the ground, but the men can be seen tumbling over as they hit the earth.

As soon as they are released from the plane, jumps head out from the base here to pick them up and bring them in. On the field nearby, also, is an ambulance in case of accidents.

Each man—they look like small specks from above—then gathers up his parachute and takes it to the drying room here. If wet, it hangs in the room 48 hours and then the soldier who used it, has to pack it again ready for his next leap.

Capt. H. A. Fauquier of Toronto was jumpmaster with the first group that I saw glide to earth.

NANAIMO MAN JUMPS

In one group I saw jump were Cpl. Howard Holloway, Vancouver, and Pte. Joe Pringle, Westwood, B.C.

Others who made the leap, bringing to more than 80 the number that have parachuted here, included: Cpl. Harry Wright, Nanaimo, B.C.; Pte. Nick Yaderuk of Cranbrook, B.C.; Pte. Robert Simons, Kelowna, B.C., and Pte. Andy McNally of Edmonton.

All the jumps were made over a "spot" marked with two large yellow arrows.

The plane, piloted by PO. Jack H. Thompson of New Westminster, flew within a few hundred yards of the transport, giving a clear view of the jumps.

Boeing Leader Fired, Union Lodges Protest

VANCOUVER (CP)—Executive of Aeronautical Mechanics' Lodge No. 756 (A.F.L.) and shop stewards of Boeing Aircraft of Canada Ltd. today protested to the Boeing management against the discharge of Elgin Ruddell, chairman of a committee which organized activities prior to the recent six-day shutdown of Boeing plants in a dispute over rest periods.

Decision to make the protest was reached at a meeting Wednesday night and a negotiating committee was scheduled to meet representatives of the management today to request Ruddell's reinstatement. His services with the company were terminated on Monday.

Vancouver Shipyards On Full 7-Day Week

VANCOUVER (CP)—Vancouver shipyards will work 24 hours a day, seven days a week for the duration, it was announced following a meeting of shipyard union representatives with representatives of the Federal Department of Labor and the management.

The yards have been on a seven-day week for several months, and the meeting was called to give final approval to the work schedule.

Guns for 'Lakers' In Combat Zones

By STAN MANTROP

A ST. LAWRENCE RIVER PORT (CP)—Keen-eyed veterans of the Royal Canadian Navy, some of whom have heard their shots rattle off the steel sides of enemy submarines on the Atlantic, this year will become crewmen of lake freighters for the first time in history.

Each of the Lakers that finds its way through waters designated by the navy as a combat zone will carry stern guns for protection against lurking U-boats and blue-middled gunners will be on duty 24 hours a day.

Special deckhouses are being built to house the gunners and lookouts will scan the waters off Canada's eastern shores for the tell-tale feather of enemy periscope.

Last year, according to the lake skippers, they could do little more than shake their fists at U-boats that surfaced near their boats and took pot shots at other ships in their convoys.

"Those guns are something we've always wanted," was the way one skipper put it. "With any kind of luck—and good shooting—we should make it mighty hot for those submarines this summer."

Another skipper said that last year they could have finished off more than one submarine that surfaced near them, but hadn't as much "as a pea-shooter to hit back with."

The need for more ships on deep-sea routes, shipping authorities said, has made it almost a necessity to send the Lakers on runs through combat zones.

Trip Saves Money

HAMILTON, Ont. (CP)—Prime Minister Churchill's trip to Washington, saved the Synod of the Anglican Diocese of Niagara cable tolls on a congratulatory message to No. 10 Downing Street on the success of the Tunisian campaign. When the British leader's arrival was announced, the synod hastily moved to cancel the cable message and substituted a night letter, addressed to Washington.

THURSDAY, MAY 13, 1943

Eighth Army Day

FROM OCTOBER 23, 1942, TO MAY 14, 1943, is but a short time. It is as a moment in the life of a nation; but it was an epochal period in the history of the Battle for North Africa. Between those two dates the myth of the German Afrika Korps' invincibility has been completely exploded. Marshal Erwin Rommel had fled to the Vatterland. His successor, Colonel-General Jürgen von Arnim, is a prisoner-of-war in the hands of the British. The great land mass of Africa is free of Axis fighting men. Italy's colonial empire is no more. German hopes of expansion in the dark continent are buried under the sands of the desert.

What has all this to do with Canada's Fourth Victory Loan? It has a good deal to do with it. Tomorrow is EIGHTH ARMY DAY. It has been set aside by the B.C. Yukon Division of the National War Finance Committee to remind those who have not bought bonds to buy some. It is to tell those who have subscribed only a small fraction of their idle capital to mark their appreciation of the unparalleled achievement of Montgomery's men by buying more bonds. And the time is short. There are, nevertheless, two full working days in which those who have shirked can consult their consciences as well as their bank balances—time to ask themselves if they have the right to chuckle over the dilemma in which the Axis dictators now find themselves.

Tomorrow gives us all a special opportunity to try to understand what we owe to the British Eighth Army—to look at the map and visualize what might have been if Montgomery's men had not cracked the line at El Alamein six months ago. Let it not be said that the citizens of Greater Victoria missed a golden opportunity to demonstrate a little of the gratitude they have experienced in recent weeks because of something the Eighth Army did on that late October day of last year—and in the intervening months. The time for words has long passed; they are empty vehicles now. Bonds, and more bonds, alone will adequately proclaim the quality of our thankfulness for the deeds of "Monty's" valiant warriors.

Welcome Visitor

WHILE THE SOVEREIGN INDEPENDENT Latin-American State of Bolivia is mining tin, tungsten, copper, lead, zinc and antimony for the United Nations' cause, her President, General Enrique Penaranda—who has just finished three of his four years in office—is a welcome visitor to Canada. Our people will heartily reciprocate the good wishes he extended to them at his press conference in Ottawa and express the hope that this precedent he is establishing is merely the forerunner of more such intra-continental exchanges between government heads. For this happens to be the first occasion on which the chief of any of the Latin-American republics has been to Canada. In the absence of the Governor-General from Ottawa, until yesterday a guest of Government House here, General Penaranda was met by Chief Justice of Canada Sir Lyman Duff, Prime Minister Mackenzie King and most of his cabinet colleagues, as well as the heads of the armed forces.

It is an interesting coincidence that the President of Bolivia's visit to this country should have occurred while Mr. Churchill and Mr. Roosevelt are engaged in momentous conferences at Washington. Whether or not General Penaranda will see the British Prime Minister is not known at the moment. It would be a happy circumstance if such a meeting could be arranged. Mr. Churchill's uncanny aptitude to use any and every opportunity to solidify the understanding between the various members of the United Nations by personal contact could, in this instance, be used to great advantage. Bolivia is this hemisphere's latest recruit for the fighting ranks of the democratic coalition. Not that her military strength in terms of men may be of great import; but her valuable economic assistance and co-operation in other ways round out Latin-America's solid front against the Axis—with, of course, one notable exception. Argentina still prides herself on her "splendid isolation"—isolated from her sister nations and alone in the entire western world in her presumed friendship with Hirohito, Mussolini and Hitler.

It is well, too, that Canada's ministers should meet the chiefs of Latin-American States in person whenever possible. After the world has regained its sanity, when men again are free to go about their lawful occupations unhampered by the threats of fear and "want," this hemisphere in its entirety must find common cause to prosecute the good neighbor policy established by the Roosevelt administration. Much that Bolivia has to sell, for example, Canada needs; our wheat and manufactured articles likewise should be able to find a wider market in General Penaranda's country. And ever-expanding aeronautical science will furnish still easier means of personal and commercial contact. Salutations, then, to the President of Bolivia!

'Heaviest Attack Of The War'

ON THE NIGHT OF APRIL 26, Germany's great inland port of Duisburg was subjected to what the Air Ministry officially termed "one of the heaviest raids" ever carried out over the Reich. It was the 59th visit of the R.A.F. and R.C.A.F. to this vitally important industrial, communications and transportation community of 432,000 souls—a population nine times as great as it was in 1885, with additions of no less than 157,000 since 1925. This growth alone furnishes arresting evidence of the value of this centre to Hitler's huge war machine.

Now comes the categorical announcement from London that the 60th raid on Duisburg last night was "the heaviest attack of the war," the weight of bombs dropped exceeding the 1,500 tons which fell on Cologne from more than a thousand bombers last May 30-31. Nine days ago, incidentally, a huge fleet of nothing but four-engined machines—the largest type in operation—unloaded nearly 1,500 tons of high explosives on the still larger industrial and communications city of Dortmund in what the Air Ministry described as a "very heavy" saturation raid. The term "saturation" can be taken literally; concentration was necessary because this city had received only spasmodic attention from the Royal Air Force hitherto. The May 4 punishment, therefore, may well have put an end to a great deal of its vast activities, causing its 550,000 inhabitants a considerable amount of "inconvenience."

Despite the fact that "the heaviest attack of the war" must be considered coincidental in its relationship to the grand finale in Tunisia, since the operations of the Allied air forces are governed largely by climatic conditions, it has struck the German people at a time when high-pressure propaganda from the factory of the Herr Doktor Goebbels is trying to convince the world that Hitler's regimented dupes have received the news of the end of the African campaign with "imperturbable calm."

The aerial blows on industrial and transportation centres are part of a pattern drawn long ago by the Bomber Command and the Department of Economic Warfare in London. In its main essentials, of course, they are aimed at the Reich's war industries and then at the facilities required for the movement of the reduced outputs. The campaign goes further than that; it is by way of preparation for the coming invasion—the progressive piling up of communications and transportation bottlenecks. Russia, too, has begun to concentrate on such centres behind the German lines at various points on the eastern front. And the daily excursions of Allied fighter planes in search of railway locomotives are complementary activities. It is this sustained attack on the Reich's transport equipment which, in the long run, will expose the most vulnerable part of the Fuehrer's war machine.

Too Much Complaining

SOME NEWSPAPERS IN VARIOUS parts of the Dominion, either by accident or design, seem to find more complaints with which to bombard government when Canada's war machine is in urgent need of funds. The current Fourth Victory Loan campaign has provided no striking exception to this unfortunate failing. Not that one has discerned anything deliberately obstructionist in certain editorial outpourings. But neatly sandwiched between enthusiastic exhortations to the people to loan their money liberally and willingly to the Minister of Finance are placed bitter verbal attacks on the administration at Ottawa—either against the Prime Minister or one or more of his colleagues; and in not a few cases it is much ado about nothing. This obviously creates confusion in some minds.

Certainly no government worth its salt should object to criticism. This newspaper, in common with others which subscribe to a thoroughly democratic political philosophy, has objected to some of the policies pursued by the present administration at Ottawa. We shall have no hesitation in doing so again when, in our opinion, the circumstances warrant. The government has made mistakes; it will make many others. And where is the perfect one? A cabinet of archangels could never hope to please some people. But it is well nigh a miracle that Mr. King and his colleagues have not transgressed more often than has been the case. Their job is no sinecure. Mr. Ilsley, for example, is faced with the problem of obtaining the use—at 3 per cent interest—of \$1,000,000,000 of the people's money. Never has such a request for so large a sum been known in the history of the Dominion. If some newspapers across Canada, however, had used half as much space to explain all the implications of this huge loan as they have in berating the government, this flotation of Victory Bonds might already have passed the nominal objective.

Nazi Humor

IT IS POSSIBLE TO TELL MUCH ABOUT an individual, or a race, from the type of humor at which he or it likes to laugh. We have thought of the German as heavy-handed intellectually and as lacking in many of the finer instincts. The following "joke" which appeared in the Berliner Illustrierte Zeitung confirms that judgment and suggests other points:

A wife is dying. "Have you got a last wish?" asks her husband. "Yes," she replies. "Apple tart with cream." "This isn't the moment to eat," her husband replies sternly. "It's the moment to die."

That could seem funny only to a people to whom human life and family affection have become incidents—and to whom even the idea of edible delicacies has become farcical—to a people close to national hysteria.

Bruce Hutchison

INTO THE INTERIOR

BY THE PAPERS I see (for I have long since withdrawn from the thick of the battle) that they are going to hold a by-election in Revelstoke. What memories this brings back! What memories of warfare in the days when provincial politics seemed important, and the provincial government got more space in the newspapers than the present war!

The trek of our politicians into the interior of British Columbia is a kind of instinctive process, as if they were drawn by the deep compulsions of nature, as the salmon are drawn up the rivers in the autumn. They have always swarmed thus into the interior at the first faint sound of the bugle.

A by-election with us has been not merely a political event, an act of democracy, a verdict on a government. It has been a human show, an innocent amusement, a kind of folk custom to be enjoyed by all, a general holiday and celebration like the spring festivals of the European peasantry.

What meetings in smoke-filled country hotel bedrooms! What conferences between the great political leaders of the coast and the local pundits! (Have you got a corkscrew, Joe?) What calculations and examinations of voters' lists! (Make mine mild.) What counting of noses among the folks up the valley! (Well, I don't mind if I do, thanks Joe.) What canvassing in village streets, and quiet talks on cool front porches in the mild evening! (Well, just a small one then.)

POKER GAME

WHO DOES NOT recall the by-election of Nelson when both parties bid up the stakes as if it were a poker game in the back room? One party promised a bridge across Kootenay Lake. The other party promised a still bigger bridge. Presently the electors of Nelson were promised a bridge which would make the Brooklyn Bridge look like a dwarf. Of course there is no bridge across Kootenay Lake now, and no one expected there would be. But the vast imaginary bridge of the by-election served the purposes of democracy and no one complained.

These are unhappier times when it is necessary to get down to cases. You cannot win by-elections any more by promising imaginary bridges. However, there is a new escape for the politician who does not want to be cabled, cribbed, confined by the actual issues of the day. At Revelstoke, for example, where the sole issue is provincial, it will be possible to argue the election on federal issues, just as the C.C.F. did at Salmon Arm, where the potato regulations of the Wartime Prices and Trade Board at Ottawa devastated the provincial government.

RED HERRING

I SEE INDEED THAT Mr. Winch has begun this red-herring process already. He is complaining that the people of British Columbia are not getting enough beer. This may be true but it has no more to do with Mr. Hart's government than the conduct of the Russian military campaign or the Battle of the North Atlantic. However, if Mr. Winch is clever, and the Revelstoke people thirsty enough, it may be possible to win the election on the proposition (1) there is a shortage of beer because of government regulations, (2) Mr. Hart heads a government, and (3) therefore Mr. Hart must be responsible for the disaster.

If they will only stick to the point in Revelstoke the by-election will be of some importance. It will indicate how the people of the interior are thinking about the new C.C.F. program of "militant revolution" to use Mr. Winch's honest phrase. That is the only issue—whether Revelstoke wants a militant revolution with Mr. Winch controlling the entire socialized industry of British Columbia or whether the Hart government is to be permitted to carry on. But it is hard to make a thirsty man think about such abstract things while some candidate is promising him more beer.

WAR FOR FREEDOM

Winston Churchill
1939 (Dec. 18)—"... rough and violent times lie ahead, but . . . in the end the difficulties will be surmounted, the problems solved, and duty done."

1940 (June 4)—"We shall not flag nor fail. We shall go on to the end. . . We shall never surrender."

1941 (Nov. 1)—"We are moving forward, we shall move forward steadily, however long the road may be. . . I am sure that at the end all will be well."

1942 (May 10)—"We shall drive on to the end and do our duty, win or die. God helping us we can do no other."

GEMS OF THOUGHT—CHEERFULNESS

"What sunshine is to flowers, smiles are to humanity. They are but trifles, to be sure; but, scattered along life's pathway, the good they do is inconceivable."—Addison.

"The highest wisdom is continued cheerfulness; such a state, like the region above the moon, is always clear and serene."—Montaigne.

"The mind that is cheerful at present will have no solicitude for the future, and will meet the bitter occurrences of life with a smile."—Horace.

"Always look out for the sunlight the Lord sends into your days."—Hope Campbell.

Parallel Thoughts

But the God of all grace, Who hath called us unto His eternal glory by Christ Jesus, after that ye have suffered a while, make you perfect, establish, strengthen, settle you. 1 Peter 3:10.

The Fates are just: they give us but our own;
Nemesis ripens what our hands have sown.

—Whittier.

SIDE GLANCES

By Galbraith

"Jewelry, beauty treatments, hats, handbags, rugs and floor lamps—does this family go around looking for things that are not rationed."

Defeat Japan By 1946

DEFEAT of Japan by 1946, if Germany can be beaten by the end of 1943, is predicted by Alexander Kiralfy, author of the recent book, "Victory in the Pacific," and noted authority on naval and air strategy, in the summer issue of the new magazine, "Predictions of Things to Come."

"This forecast," writes Mr. Kiralfy, "presupposes an all-out offensive on the part of the United States, the British Empire, and China—but an offensive without the undue expenditure of human life. It contemplates a drive through Burma and China to Manchuria and Korea. It foresees the expulsion of the Japanese from the mainland and many islands of southeastern Asia. "Tokyo began the war with 4,000,000 tons of shipping available for war purposes. . . During the first year of hostilities Japan lost about 1,000,000 tons to our airmen and submarines, but built about half this quantity, leaving her with a net deficit of 500,000 tons. In the case of vessels damaged but not sunk, what counts is the number continually in the hands of repair crews. In the final analysis these are the equivalent of actual sinkings. Conservatively, I would reckon this at 250,000 tons, giving a final annual loss above new building of 750,000 tons. On this basis Japan could hold out until 1946."

"As for air power our qualitative superiority is an established fact. Without, not merely a definite superiority, but a crushing one in this arm, we would not hope to defeat Japan for 10 years or more. According to revised estimates, Nipponese aircraft production may be 10,000 to 20,000 planes per year. Japan has, therefore, one-third to one-sixth of our present production and cannot hope to maintain this ratio against our 1943 or 1944 rate. "In the Far East, Allied air power must and can make up for our geographic disadvantages, and for Japan's advantages. Experience has shown that it is not sufficient to defeat the enemy in the skies. In the final analysis, the airplane cannot move faster than its 'accompanying' infantry. "By the end of 1943 Generalissimo Chiang Kai-shek should repossess his southern ports from Canton to Amoy. There he would meet our eastern pincers which had worked their way toward him from New Guinea. If, in the meantime, we had been able to improve the Burma Road in a radical manner, it could be used by American and British expeditionary forces without interfering with the flow of supplies. These, together with a veritable flood of Allied air power, might bring the Chinese armies to Manchuria. The use of south-Chinese ports would further assist such a move. "However seriously we might have crippled Tojo's air force, we should assume that he would hold many squadrons in reserve for use against hostile transports steaming toward Japan herself. The seizure of Shanghai from the land side and the acceptance of reasonable risks on the sea lanes, or the performance of inland transportation prodigies might bring about the occupation of Manchuria and Korea by the end of 1946, or early 1947. Such disasters to Nipponese arms-plus a round-the-clock bombing of Japan could very likely bring about acceptance of our unconditional surrender terms."

FARMERS' AND WORKERS' SHARE

By R. J. Deachman, ex-M.P., Ottawa.

S. H. Knowles, now M.P. for Winnipeg North Centre, made this statement in his maiden speech in the House a few days ago:

"Today the workers and farmers produce the nation's wealth but get only a meagre portion of it. There is no justice under such a system."

The statement is inaccurate and untrue. The proportion of the national income going to labor ranges between 61 and 65 per cent—this can hardly be described as meagre. The share of the farmer has varied in recent years from 14.7 to 5 per cent. The extreme low was reached by a combination of small crops and low prices.

Labor, so-called, and farmers are not, however, the only workers. There are a great many others who might, in any reasonable calculation, be numbered among those who work. What about the fisherman, the trapper, the doctor, the lawyers or other professional classes? Then there are those who, while working just as hard, and probably at longer hours, are essentially workers though they are generally classed as "private enterprises." I refer to the owners of small business establishments where their labor, not their invested capital, is the main source of their income.

The real share going to labor will vary slightly from time to time, but on any fair estimate of what constitutes a worker it is safe to say that from 80 to 85 per cent of the national income goes to labor. Surely this cannot be called a "meagre portion."

The other factor which needs consideration and never receives it is that the percentage cannot be increased by raising the rate of wages. The percentage has been fairly constant over a generation—even over a century. The standard of living of labor increases only with the increase of the national income, or to put it another way, with increased production. It does not rise, may, in fact, fall, from an increase of money wages, which only too often must lead to a decrease of total wage payments.

Oak Bay to War Against Pheasants

Victoria's big game hunt that culminated some 12 years ago in the shooting of a cougar on the rear steps of the Public Library, was recalled by Reeve W. L. Woodhouse at a meeting of the Oak Bay Municipality Wednesday when the depredations of pheasants in the municipality's gardens were discussed for a second time.

Reeve Woodhouse remembered that when the cougar startled Victoria citizens it was allowed to wander the streets for some time because no one possessed authority of license to shoot it. With that example the council was left to ponder a recommendation that Chief Constable F. C. Reston be appointed to apply for a permit to carry arms and shoot game within the limits of the Municipality.

Attempts by Oak Bay to purchase 500 cords of wood for dis-

tribution to needy citizens next winter was disclosed when a letter from the Fuel Controller was read stating that notice had been taken of the situation and that subsidies to encourage production of fuel wood are expected to result in formation of a reserve stock. The letter was referred to the fuel committee of the council while the purchase of 500 cords of wood by the municipality was deferred to a later meeting.

Enlistments in the Reserve Army have cut the strength of the Oak Bay A.R.P. auxiliary fire department from 25 to 19, it was reported by Fire Chief F. G. Clayards.

A letter from R. W. Mayhew, M.P., was received by the council replying to representations made to him on establishment of a permanent military hospital in the Victoria district for the care and treatment of war veterans. Mr. Mayhew said he would report later on an interview he had on the subject with Pensions Minister Mackenzie. A letter acknowledging a communication from the council on the same sub-

ject was received from the Pensions Minister.

A grant of \$25 was voted to the Victoria Horticultural Society.

Capacity Crowd Sees Rousing R.A.F. Show

Airmen of a nearby R.A.F. base Wednesday night took time off from war duties to present to a capacity audience at the Royal Victoria Theatre a rousing revised version of their "Smile" revue, an entertainment, fashioned after the British music hall productions, which has won them acclaim not only here but in the United States.

The character of the show on Wednesday night compared favorably with criteria set by radio, screen and professional stage, yet differed sufficiently to be fresh and satisfying to an audience that now sees few productions across the footlights. Like most amateur entertainers the R.A.F. drew heavily from well-known figures of radio and screen to present impersonations, monologues, songs and dance orchestration.

Guest of the R.A.F. entertainers and highlight of the evening was P.O. Hughie Green, R.C.A.F., late of Hollywood and New York, and the British stage, who drew unanimous applause for his droll stories and impersonations of Lionel Barrymore, Charles Boyer, Charles Laughton and President Roosevelt.

Cpl. Jerry Gosley, producer of the "Smile" shows, demonstrated his subtle British humor in original monologues which, during the two years the R.A.F. has been here, have won him a prominent place among local entertainers. His "The Blase Britisher," a new rhyme on his familiar topic, received a good hand.

AC. Ted Warrior, otherwise known as the "George Formby of the R.A.F.," was called back for numerous encores; while LAC. Ronald Gates, LAC. Denis Collyer and LAC. Joe Crawley, in more serious moods, sang well-known selections.

The R.A.F. dance orchestra, a string ensemble and individual musicians took a leading part in the show, consisting of 17 parts. Cpl. Jack Griffith and LAC. Blumenthal with their "Interruptions" added flavor to the production.

Net proceeds of the Wednesday night production, added to preceding contributions, bring to \$1,100 the sum raised for the Queen Alexandra Salarium and the British Save the Children Fund by Cpl. Gosley and his company.

Silk Eggs This Week

By CECIL FRENCH

Owing to the late season mulberry leaves will not be ready until the end of May. Silkworm eggs which since last season have been kept in cold storage to prevent their premature hatching, will be brought out about May 15. As it takes from two to three weeks for eggs to hatch after they are brought out, hatching will coincide with leaf development.

All schools wanting to participate this year may have a supply of eggs free with a copy of booklet "Silkworm Rearing as a Pastime" providing names and addresses of each pupil are supplied by teacher in charge. Leading applicant this is Mrs. Marion Powell, Monterey School, grades 4 to 8 inclusive. Application should be made to Cecil French, 607 Courtenay Street or to P.O. Box 714. Location of mulberry trees will be indicated and certain pupils must be willing to ride their bikes to collect leaves daily for period of feeding.

Display of silkworms and their product is on exhibition at Provincial Museum, obtained from last year's product, with drawings by Miss Everest of Cloverdale School, arranged by Mr. Hardy, museum botanist.

Request for eggs has come from Manitoba and a supply will be sent, as well as to Vancouver and the Fraser Valley, at which

latter point the Mennonites are interested.

A.R.P. Activities

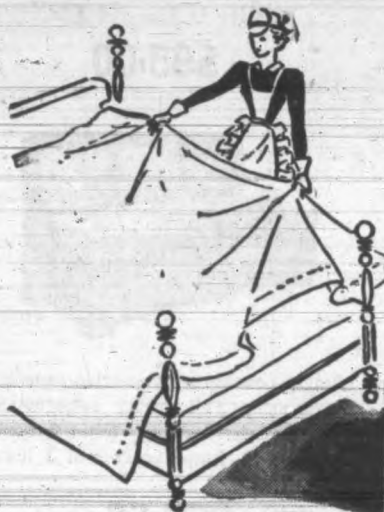

District 8, James Bay—Senior wardens, patrol leaders and others of the executive committee will meet at Red Cross Hall, Michigan Street, at 8 p.m., May 25. Criticism of the reports of the district test will be made at a later meeting.

Iraq, the traditional site of the Garden of Eden, in normal times exports large quantities of oil and dates.

In 81 B.C. Pompey returned from his Asian campaign wearing a silk robe, thereby establishing a fashion.

Balmoral Rezoning Protests Presented

Residents of Balmoral Road Wednesday night laid their protests against rezoning of Balmoral for light industrial use by the New Method Laundries Ltd. before the City Lands committee.

W. F. Pinfold, manager of the laundry, explained the position of the plant and the need for expansion, but his arguments apparently failed to impress homeowners on the street who stood firm for preservation of the residential rating given their district.

A report on the meeting will go to the City Council from the lands committee.

Ald. T. W. Hawkins, chairman, presided.

"Bertie Wooster" Banned
SHEFFIELD, England (CP)—The Sheffield Libraries Committee has announced that it will buy no more books by P. G. Wodehouse, British humorist, who has broadcast over German radio stations recently.

Appeal for Gardens For Enjoyment Of Servicemen

Summer is almost with us here and thousands of men and women in uniform are stationed in and around our city.

The Hospitality Committee is concerned with the problem of providing Sunday evening entertainment to take the place of that which was offered indoors, not only at the Royal Theatre but in smaller groups throughout the winter. They are anxious to promote as much outdoor activity as possible as soon as the weather is warm enough.

For this purpose they send out a strong and special appeal to any citizens with large homes and gardens to offer the use of these for Sunday afternoons and evenings so that parties may be organized by the various groups who are helping the committee. Homes within reach of a streetcar route or bus line are needed and particularly if there is a beach adjacent. It is not necessary to provide food or entertainment as the committee is trying to enlist the help of organizations to take care of this.

In addition to the outdoor entertainment there will be Sunday evenings when the weather is not suitable for this and the committee would also be glad to receive a list of homes where a large room would be available indoors where a sing-song, games and refreshments might be offered. The groups would vary in numbers from six to 50.

Will anyone willing to assist please send particulars to Miss Ellen Hart, 513 Laurel Lane or telephone G 5425.

New under-arm Cream Deodorant safely Stops Perspiration

1. Does not rot dresses or men's shirts. Does not irritate skin.
2. No waiting to dry. Can be used right after shaving.

At Jubilee Hospital Tea

Mrs. F. W. Baylis, the regent, with Miss Lena Mitchell, superintendent of nursing, Miss W. Wood, who had charge of the T.B. ward, and Mrs. George Mellor seated at the head table at the annual Hospital Day tea held by the Florence Nightingale Chapter, I.O.D.E., at the Royal Jubilee Hospital Wednesday afternoon. Masses of white lilacs, red tulips, blue iris and bluebells carried out the patriotic color scheme in the decoration of the tea tables and the main recreation room of the Nurses' Home, where the tea was held. Presiding at the larger tea table were: Mrs. W. J. Sheppard, Mrs. A. Brooker, Mrs. W. A. Crawford and Mrs. St. Clair Kitching. In charge of the tea arrangements were: Meadames R. Duncan, L. A. Lucas, W. Walsh, T. Huellin, A. Gornall, K. Mills and R. Smith. Mrs. Geo. Lillie was at the receipt of customs, the proceeds amounting to \$70. Arranged by Mrs. W. R. Roskelley, the attractive program included songs by Mrs. Jack Townsend, accompanied by Mrs. W. Graves; Mrs. Ailsa Ritchie, accompanied by Mrs. K. Hole; dances by Barbara and Norma Graves, accompanied by their mother, Mrs. W. Graves.

Former Victorian To Supervise B.C. Land Army Hostels

Mrs. Ella M. Angus, former president of the Victoria and member of the Y.W.C.A. board until she left four years ago to take up fruit ranching at Summerland, B.C., has been named supervisor of the hostels which are to be set up in British Columbia in connection with the Voluntary Field Fighters, as the Women's Land Army is to be called.

These hostels, which are being arranged by the Dominion-Provincial Emergency Farm Labor Service, will be supervised by the Y.W.C.A., which is now operating 32 such camps in Ontario. Mrs. Angus, who has arrived in Vancouver and will shortly come to Victoria, stated that an advisory committee composed of presidents and general secretaries from the Victoria and Vancouver Y.W.C.A. organizations has been set up and that staffs for the hostels are already being organized.

Word has been received from overseas, of the marriage of Lieutenant Nursing Sister Joy Brewer; daughter of Rev. and Mrs. J. S. Brewer of Quebec, to Major Robert Barker of Victoria, which took place quietly on Saturday, May 1, in London.

MISS HOCKIN COMING

Miss Margaret Hockin, executive secretary of the Ontario Farm Service Force committee, and member of the national staff of the Y.W.C.A., at Toronto, is in Vancouver to assist in the organization of hostels to house and care for girls in British Columbia, who will be doing farm work under the Women's Land Army plan, being sponsored jointly by the provincial and federal governments.

"It is up to everyone of us to give the service we can, even though it may only be a week or two, to get out and salvage food," Miss Hockin told the Vancouver Sun, Monday. She will be here shortly.

Part to be played by the Y.W.C.A. in the Emergency Farm Labor plan, is to provide properly supervised and organized hostels for girls employed on farms in areas where sufficient local labor is not available.

It is anticipated that in many districts it will be necessary to establish camps or house the women workers in many of these areas. This, however, will be done only after every available bit of accommodation has been utilized.

C.G.I.T. Notes

Victoria Leaders' Council met recently at the Oriental Home. After devotional service given by Miss Lillian Parfitt, A. Hall continued with the Bible study course on "Paul the Triumphant." During the business period, the president, Mrs. Helen Fullen, was in the chair. It was moved that \$50 be sent to Mme. Chiang Kai-shek for her war orphans' fund. The camp committee reported that definite plans will be made after their representative has met with the new farm labor board. At the close light refreshments were served. The next meeting June 2.

Rev. Michael Coleman will address the Christ Church Cathedral Parish Guild Friday afternoon in the Guild Room, taking for his subject, "Religion and Life." Business meeting will be at 2:30, followed by Rev. Mr. Coleman's address at 3.

Friday at 2:45 the regular meeting of the Liberal Women's Forum will be held and a full attendance is requested, as important business will be taken up.

Personal Notes

Lieut. John Hewitt, R.C.N.V.R., and Mrs. Hewitt, Despard Avenue, left Wednesday afternoon for Vancouver, where they will spend a few days visiting friends.

Miss Patsy Swift of Victoria arrived on Monday afternoon from Chicago, where she has been studying singing for the past three years. She will be heard at the Arion Club concert on Monday evening next at the Royal Victoria.

Miss Barbara Winslow, who is in the meteorological department at the R.C.A.F. (women's division), Vancouver, will arrive from the mainland Friday morning to spend three days' leave with her parents, Mr. and Mrs. F. E. Winslow, Craigdarroch Road.

Mrs. John Bracken, who has been visiting her son and daughter-in-law, Lieut. and Mrs. Bruce Bracken, Despard Avenue, is leaving on Saturday for the mainland, and will join Mr. Bracken on Monday in Edmonton, when they will tour the prairie provinces.

His Honor the Lieutenant-Governor and Mrs. W. C. Woodward left last night for Vancouver to fulfill a series of engagements connected with the visit to the mainland city of the Earl of Athlone and H.R.H. Princess Alice. Mrs. P. A. Woodward, sister-in-law of His Honor, accompanied them back to the mainland after being a guest at Government House for a few days.

Miss Gerry Kent, bride-to-be of this month, was guest of honor this afternoon, when Miss Georgia Darling, together with her mother, Mrs. M. Darling, entertained at the Empress Hotel. Miss Kent received a corsage bouquet of roses and lily of the valley, together with many lovely gifts. Tea was served from a table centered with an attractive arrangement of tulips. Other guests included Meadames Aubrey Kent, E. J. Christmas (Montreal), R. Hood, Duncan D. McTavish, J. McTavish, J. Darling, J. Wilson, W. Newman and Miss Eileen McCaghey.

Mrs. Spencer H. Elliott, the Deanery, Burdett Avenue, left Tuesday afternoon for Vancouver to attend the Dominion executive meeting of the Mothers' Union, and will attend the congregation of the University of British Columbia, Friday afternoon, at which her elder daughter, Jean, is graduating with first class honors.

Mr. and Mrs. A. B. Gardiner of Winnipeg entertained at dinner last night at the Empress Hotel, when their guests included Mrs. John Bracken, Lieut. and Mrs. Bruce Bracken, Mr. and Mrs. Raymond Kershaw, Mr. and Mrs. E. R. Bewell, Mr. and Mrs. W. J. Wilson, Mr. and Mrs. A. N. Douglas of Winnipeg, and Mr. and Mrs. C. L. McLaughlin.

Mrs. W. Norman Bostock arrived in Vancouver Tuesday with her two young daughters, Mollie and Susan, from Kelowna, to join Brig. Bostock, who is with Pacific Command. They have taken the former D. S. Montgomery home at 5629 Angus Drive. Brig. Bostock is a son of the Senator and Mrs. Hewitt Bostock.

Mrs. Nancy Hodges, M.L.A., left this afternoon for Seattle, having been invited by the Washington State Federation, Business and Professional Women's Clubs to be a guest at their annual state convention May 14 and 15. Mrs. Hodges has been asked to convey greetings from the Canadian Federation at the open air rally in Victory Square, Friday noon, and to speak at the war workers' luncheon at the Hotel Gowman next Saturday at noon. While in the mainland city, Mrs. Hodges will be the guest of Mrs. D. B. Martyn, formerly of Victoria.

Miss Mary Comber, who will leave Saturday evening for Vancouver en route to Rockcliffe, Ont., where she will take a meteorological course with the R.C.A.F. (W.D.), was guest of honor Wednesday evening, when Rev. F. Comley was host at dinner at the Nutshell. Miss Comber has been a valued teacher at St. Alban's Sunday school for several years, and following dinner, the superintendent, Mr. F. H. Hawes, on behalf of the teachers, made a presentation of a Waterman pen and pencil set. Others present were Mrs. J. H. Comber, Mrs. E. Andrews, Misses M. Cox, M. Deane-Freeman, A. Comber, M. McDougall and Mr. E. Moon.

What size is that one?

When Milady sees a suit at Scurrahs that brings a determined sparkle to her eye, the first question is: "What size is that one?" And you won't wonder that the question is repeated so often at Scurrahs these days. Ballantyne Tweeds, Glen Urquhart Checks, English Flannels, Kynoch Tweeds, fine, beautiful-weave Worstedes, Checks, Stripes, Plain Cloths, Pin Stripes, Mixtures, Pastels, Navy and Black. A delightful selection of Tailored and Dressmaker types and, to get back to sizes, they range from 12 to 42. Yes, the Suits at Scurrahs are really unique in their sheer loveliness and irreproachable smartness. Yet prices are only from

Red Cross Notes

ROYAL OAK UNIT

Royal Oak Unit Red Cross and the Royal Oak First Aid Post, A.R.P. held a successful silver tea Tuesday afternoon at the Royal Oak Inn, where scarlet tulips, bluebells, iris, white lilac and narcissi were used in the decorations. Some 120 guests attended and enjoyed the vocal solos by Capt. Callum Thompson, accompanied by Mrs. Thompson. Lieut. Col. R. S. Worsley and Col. G. B. Scott, D.S.O., spoke to the gathering. Corsage bouquets were presented to Mrs. C. Thompson and Miss E. Goodhue of Royal Oak, the latter's home being the rallying point for the A.R.P. first aid for the past year. The joint committee in charge of the afternoon included: Mrs. L. R. Towler, president of the Royal Oak Unit of the Red Cross, and the following members of the unit: Miss Alice McKinnon, Mrs. Ross Gowie, Mrs. A. D. Corker, and from the

Weddings

MEYER-KERKIN

The marriage was solemnized at the home of the officiating minister, Rev. T. E. Sawyer, 504 Menzies Street, Wednesday evening at 8.30, when Phyllis May, youngest daughter of Mrs. S. Kerkin, 138 Ladysmith Street, and the late Mr. William Kerkin, became the bride of George William Meyer, only son of Mrs. Meyer, Melfort, Sask., and the late Mr. Meyer.

Given in marriage by her mother, the bride wore an afternoon frock of powder blue silk, with a matching hat, trimmed with a shoulder-length veil, brown accessories and a corsage bouquet of gardenias and pink rosebuds. Miss Vera Barron was bridesmaid, wearing a two-piece frock of rose crepe, with navy blue accessories and a corsage bouquet of carnations and lily of the valley. Mr. Kenneth Holliston supported the groom.

Tulips and narcissi were arranged throughout the rooms, at the reception held at the home of the bride's mother. Mrs. Kerkin welcomed the guests, wearing a navy and white ensemble, with a corsage bouquet of pink carnations. A lace-covered table was centred with a three-tier wedding cake, and arranged with pink and white streamers, and white tapers in silver holders. Mr. Herbert Cherry proposed the toast to the bride.

After a honeymoon in Vancouver, for which the bride donned a beige wool topcoat, Mr. and Mrs. Meyer will make their home at 1612 Richmond Road.

PIKE-SANGSTER

Mabel Elizabeth, younger daughter of Mrs. A. Sangster, Alkazar Mansion, and the late Capt. Sangster, became the bride Wednesday evening, in St. Andrew's Presbyterian Church, of Percy Charles, son of Mr. and Mrs. Percy Pike, Discovery Island. Rev. J. L. W. McLean officiated at the ceremony, and Mr. Cyril Warren played the wedding music. During the signing of the register, Miss Peggy Butterfield sang "O Promise Me." Lilac and other spring flowers were attractively arranged in the church by Mrs. H. Lindsey and Miss Amy Cashmore, friends of the bride.

The bride was given in marriage by her uncle, Mr. J. W. Sangster, and wore a gown of white chiffon over taffeta, fashioned with a slight train, and long, pointed sleeves. Her fingertip veil of illusion net, fell from a Mary-Stuart headdress, trimmed with orange blossoms, and she carried a shower bouquet of pink rosebuds and lily of the valley. Mrs. Alan Anderson was matron of honor, wearing a floor-length frock of pale blue sheer, and a flowered toque, trimmed with blue veiling. Bridesmaid was Miss Patricia Sommer, wearing a similar frock of pink sheer, and a chapel veil falling from a Mary-Stuart headdress. Both attendants carried bouquets of pink carnations, snapdragons and blue iris. Mr. Alan Anderson supported the groom, and acting as ushers were Messrs. Norman MacMillan and Ernest Anderson.

A reception was held at the home of Mrs. B. E. Anderson, a close friend of the bride, where the bride and groom stood in front of a bay window, banked with lilac, tulips and narcissi, to welcome their friends. Mrs. Sangster, wearing navy blue and white, received the guests, assisted by Mrs. Pike in a black and white ensemble. A three-tier wedding cake, surrounded in pink tulle, centred the supper table, complemented by vases of rosebuds and pink tapers in crystal holders. Capt. F. Cole proposed the toast to the bride.

The couple left for a honeymoon on the mainland, the bride wearing a navy blue dressmaker suit, with navy and white accessories, and a corsage bouquet of Tailsman roses and heather. Mr. and Mrs. Pike will make their home on the west coast.

Uncorrected visual defects, that would cause productive deficiency, have been found in one person out of every four applying for work in certain factories.

Pierre Dorion, who settled on the James River in 1775, was the first white resident of South Dakota.

No individual tire owners in Canada are permitted to combine their tires to operate a single vehicle.

Do You Feel Nervous And All on Edge?

People suffering from loss of appetite and run-down condition with symptoms of nerve strain, often need a nerve and general tonic. Glycerol Lecithin with Vitamin B (1) supplies tonic ingredients. It is especially beneficial for convalescents. By increasing the supply of Vitamin B (1) in the system, appetite is improved and the system thereby built up to normal. If the loss of appetite was due to a deficiency of Vitamin B (1) in the diet, \$1.00 at all Cunningham Drug Stores and other Drug Stores.

Women Want Ceiling On Poultry, Fish And Meat Prices

Fresh fish, poultry, heart, liver, kidney and similar unrationed foods are too high, in the opinion of many housewives, and the Women's Regional Advisory Committee of the Wartime Prices and Trades Board will press for a ceiling on these commodities. This was the decision reached at Wednesday afternoon's meeting, Mrs. Paul Smith in the chair.

WANT MORE FOR MINERS

Requests were read from several subcommittees asking if the ration of two pounds a week may be increased for miners, loggers and men doing heavy work, and reduced in the cases of infants who have priority rights for canned milk and corn syrup. In connection with the latter, a letter was read from Miss Byrne Hope Sanders, director of the consumer branch, stating arrangements have been made to insure a steady supply of this commodity, which hitherto has been seasonal.

A survey of flannellette recently completed shows that supplies of this material are very short, and members suggest that elimination take place in the case of flannellette sheets, pyjamas, except in the case of invalids, or the aged, and that coat interlinings be reduced to hip length, and if possible heavy cotton substituted.

SEALER TOPS COMING

Members were asked to address all complaints about prices to the secretary, Mrs. W. E. Rayfuse, at Beacon 3117. Announcement was made that contrary to public impression, sealer tops and rubber rings will be available this season for preserving.

The housing report given by Mrs. W. E. Rayfuse showed that over 100 newcomers to Victoria are applying for accommodation every week. She told the meeting that within the last few days homes have been found for two old-age pensioners, at a very nominal rental, which Mrs. Rayfuse considered very gratifying. Final arrangements were made for the forthcoming visit of Mrs. Christine White, and a special conference will be held on Tuesday morning, May 25, at the Y.W.C.A. of W.R.A.C. members, liaison officers and subcommittee chairmen from all over Vancouver Island, at which Mrs. White will speak.

REMAKE REVUE

A remake revue under the direction of Mrs. Kate Aitken will be held on May 25, with two shows in the afternoon at the Empress Hotel, and one in the evening at the Victoria High School. Program for the afternoon includes a salute to the service, and industrial workers, with music by the Boys' Band of Victoria. There will be a short child act by pupils of Wynne Shaw's Dancing Academy, to be followed by the fashion revue which shows 40 costumes remade from old garments, and modeled by the Solarium Junior League, and students of Wynne Shaw. Music during the afternoon will be supplied by the Warn trio.

Tickets, for which there is no charge, may be obtained at the pattern counters of Hudson's Bay Company, David Spencer's Ltd., Kresge's and Woolworth's. For the evening performance specially invited guests will include school students and business girls.

Airplant pilots will probably soon use the radio echo as a guide through mountain ranges, in clouds, and in darkness, and will make safe landings without seeing the ground.

Lubricating door locks with a little finely flaked graphite is one of the most effective ways of keeping them from sticking.

Annual Loyalist Day meeting, commemorating the landing of the United Empire Loyalists in Canada, will be held at the home of Dr. E. C. Hart, 1513 Laurel Lane, Wednesday at 3. The president, Mr. H. S. Pringle, will give an historical address, and following a short program, refreshments will be served.

Mrs. A. W. (Bill) Langton left this afternoon for Montreal where she will spend the next three weeks before proceeding to Halifax to join her husband. Mrs.

Langton has been staying with her parents, Rev. and Mrs. G. H. Scarrett, University School.

Oaklands P.T.A. will hold a whist drive in the school auditorium on Friday evening at 8 o'clock to raise funds for sports equipment for the school.

Members of the B.C. Toy Club for Blitz Babies will be on hand at the Y.W.C.A. for distributing work to new members Wednesday next 10 to 12 noon. Business meeting will be held at the home of Mrs. Charles Flight, 3890 Blenkinsop Road, May 26 at 2 o'clock when members are urged to be present to discuss further plans for the work.

SINGER SINGS NEW TUNE...

NOW SHE SINGS "THE CRISPNESS SONG" BECAUSE THEIR CRISPNESS LASTS SO LONG! THESE RICE KRISPIES ARE A TREAT! LOTS OF FUN AND GOOD TO EAT!

Grumpy breakfasters sing a different tune when Rice Krispies start their gay good-morning welcome. "Listen to them snap... crackle... pop when you pour on cream," they say. "That means no matter how much milk or cream, they stay crisp to the very last spoonful!" Get Kellogg's Rice Krispies tomorrow. Made by Kellogg's in London, Canada.

Kellogg's RICE KRISPIES

So Crisp they CRACKLE in Cream!

"Rice Krispies" is a registered trade mark of Kellogg Company of Canada Limited, for its delicious brand of oven-popped rice.

Cadets Get Squadron Colors

Corporals of squadrons receive air cadet ensigns from civic and education officials.

For high standards of proficiency during the past year six squadrons of the Greater Victoria Air Cadet Wing Wednesday afternoon at Royal Athletic Park received ensigns at a colorful presentation ceremony and annual inspection attended by ranking air force officers and civic and education officials.

Following the inspection of the air cadets, about 250 strong, by Air Vice-Marshal L. F. Stevenson, air officer commanding, Western Air Command, the cadets formed a hollow square to hear Rev. George Biddle, honorary chaplain of the wing, dedicate each ensign, and Air Marshal Stevenson give a brief address.

The ensigns were presented by Mayor Andrew McGavin, Reeves W. L. Woodhouse, A. Lockley and E. C. Warren, and F. G. Mul-

liner, chairman of the Victoria School Board, and Martin Nelson, chairman of the Saanich School Board.

CADETS RECEIVE COLORS

The following air cadets received the standards: Cpl. Johns for Squadron 83 (Oak Bay), Cpl. Wallis for Squadron 89 (Victoria High), Cpl. Witmer for Squadron 90 (Esquimalt), Cpl. Sjoberg for Squadron 91 (Mount View), Cpl. Gouge for Squadron 183 (Mount Douglas), and Cpl. Mulholland for Squadron 210 (Victoria College).

"The stories of battles and courage around the colors have stirred our blood since we were small boys, stories we shall never forget," Air Marshal Stevenson told the cadets. "And now you will have your own colors—your squadron ensign.

"True, these are not the colors

under which you may fight in battle, but they are the colors under which you must prepare yourselves, and therefore you will never leave their influence.

"The colors under which Canadians fight in battle are the rondels on their aircraft, and high over Europe and Africa at this moment your older brothers are convincing the Germans and Italians that they are no match for a Canadian fighting under Canadian colors.

"Your acceptance of these ensigns must not be taken lightly, for in accepting them you have assumed responsibility for the maintenance of their dignity and the efficiency of yourselves and your squadrons.

"In accepting these ensigns you are responsible for keeping them in appropriate relation to those other colors which mean so much to all Canadians: the banner of your God, the standard of His Majesty the King, the Union Jack, the Canadian flag, and the ensign of the Royal Canadian Air Force."

DEDICATION PRAYER

Mr. Biddle in dedicating the standards said: "As they go about their business, whether in the immensity of space or upon the surface of Thine earth, grant them a safe journey, a steady progress, and a great achievement in service to their fellow men, their country and their King.

"I hereby dedicate to the cause of God and the use of this squadron of the Air Cadets of Canada, this ensign, to be ever to them an emblem of youth, honesty and self-discipline, reminding at all times of the principles and values for which they stand and their vital obligation to their nation as men, citizens and guardians of the future."

Following the presentation ceremony, the ensigns were placed at the saluting base on either side of the sky-blue standard of the R.C.A.F., and the cadets marched past in squadrons, then by wings, and advanced in review order for the general salute taken by Air Marshal Stevenson.

A display of squadron and flight drill directed by Air Cadet WO. Donaghy followed the salute. As inspecting officer Air Marshal Stevenson again addressed the air cadets.

He said not only himself but all those present had been impressed by the display, remarking the parade and dress of the cadets was smart, for which each cadet should be intensely proud.

PRaises GIRL CADETS

"I would like to compliment the air cadet girls," he said. "They were very smart and I think would almost show up the other cadets.

"I think the band should be complimented for their excellent music," he said.

The air cadet committee was really responsible for getting the air cadet movement under way, he said.

"I hope each of you," he said to the cadets, "and the general public will join with the R.C.A.F. in extending your grateful thanks."

He said the provincial department of education was to be thanked, for without its co-operation nothing could have been attempted. Of the instructors and air cadet officers, he said, no one could speak too highly, "for they have given mostly of their own time to help their country, to help the air force, and to help this cause."

Present at the ceremony were Air Commodore Earl MacLeod, A.O.C., No. 2 group, Western Air Command; Sqdn-Ldr. A. W. Carter, Vancouver, vice-president of the Air Cadet League of Canada, and R. E. Stanfield, Vancouver, provincial chairman and dominion director of the league; R. H. B. Ker, Victoria, dominion direc-

tor of the league; FO. R. E. Shuttlesworth, Vancouver, and SO. I. R. S. Hutchins, Victoria, representing the R.C.A.F. (W.D.); H. G. T. Perry, Minister of Education, and Dr. H. B. King and Dr. S. J. Willis, deputy minister of education.

The park grandstand was filled with friends, relatives and fellow students of the air cadets.

Ft. Lt. J. S. White, senior air cadet officer of the Greater Victoria Air Cadet Wing, had charge of the parade arrangements.

Through Swinging Doors

DOUGLAS, Isle of Man (CP)—When the air raid warning is sounded here schoolchildren head for the local public house, the beer-barrel-filled cellar being the official air raid shelter approved for children by the Man education authorities.

Beauty Spots in Wartime

LONDON (CP)—National Trust for Places of Historic Interest or Natural Beauty will hold more than 100,000 acres by the end of the year. New properties acquired in 12 months cover 10,000 acres in 19 counties.

The desert pocket mouse can live without drinking.

U.S. Will Name Sports Co-ordinator, Sen. Mead Mentioned

NEW YORK (AP)—A national co-ordinator for all sports, rumored for nearly a year, is likely to be named by President Roosevelt within a month, and Senator James Mead of Buffalo, who advocates cancellation of the world series and all star games less than three months ago, is the leading candidate for the job.

Word on the early appointment of such a sports officer, whose big job will be to decide how the nation's sports "can be harnessed without affecting the war effort," came Wednesday night from Herbert Bayard Swope, chairman of the New York racing commission and consultant on public policy to the war department, in a speech at a dinner closing the two-day meeting of the national association of state racing commissioners.

"There is no doubt a sports co-ordinator is necessary," Swope said. "Many sports did not take their problems to Washington early in the war, and they have suffered.

"His chief function will be to learn what people think of a sport and how it can be handled without affecting the war effort. He will be a 'clearing house'."

COUNT IN WITHERS

NEW YORK (AP)—Trainer Don Cameron announced Wednesday that the next start for Count Fleet, Kentucky Derby and Preakness winner, would be in the 68th running of the \$15,000 added-Withers. Mile at Belmont Park May 22. After that he'll be pointed for the Belmont Stakes on June 5.

FOR BEST RESULTS UTILIZE TIMES WANT ADS

BE STRONG FOR CANADA

Provide more VITAMIN B-COMPLEX

in the foods you bake with white flour

UNTIL recently, white flour foods held very little of the vitamin B that nature stores in golden grain. Because in milling patent white flour, the parts of the kernel that are rich in vitamins were mostly lost.

Came the war—and with it, the government's insistence that every Canadian should get a full quota of vitamin B-complex every day in foods baked with white flour.

To meet this need our new Kitchen Craft Vitamin B White Flour (Canada approved) was developed. This flour contains five times as much vitamin B₁ (thiamin) as pre-war white flours. Each pound holds not less than 400 International units of vitamin B₁.

You also get more of all the rest of the important vitamin B-complex in this flour. More riboflavin. More niacin. More real nutrition than white flour ever offered you before.

Kitchen Craft Vitamin B Flour is not a "special" flour. A tempting creamy-white in color, it's basically the same fine white flour you've always used—now with most of the natural B vitamins kept in!

Try Kitchen Craft Vitamin B White Flour, now preferred by thousands. It is milled in Canada and is the best quality of all-purpose, home-type flour. Guaranteed to give you excellent results in all your regular white flour recipes—or money back.

VITAMIN B-COMPLEX is concentrated in the germ and certain layers of the whole wheat kernel. Yet these parts, rich in vitamins, were largely removed in milling former white flours. "Cold Roll Milling" retains most of the vitamin B-complex found in these parts. So the new Kitchen Craft Vitamin B White Flour gives you 5 times more vitamin B than pre-war patent white flour!

French's MUSTARD

*Ready to fight
and willing
to Lend!*

Department of National Defence
Naval Service
Ottawa, Canada.
May 6, 1943.

TO ALL PERSONNEL OF THE ROYAL CANADIAN NAVY:-

The contribution which you have made and are making to the ultimate success of our arms is one of which you can be justifiably proud.

But before we can say our effort, as individuals or as a Service, is a total one, we must all contribute materially as well. The men and women of the Service realize better than most the urgency of a never-ceasing flow of ships, armament, and equipment to make victory ours.

The Fourth Victory Loan provides us with an opportunity to make our contribution complete. It is a financial challenge which must not go unanswered by the Navy. A very large proportion of our personnel have already subscribed. Most gratifying indeed have been the reports from the men on the ships fighting the Battle of the North Atlantic. In almost every instance they have exceeded their quotas. Officers and ratings of the WRENS also passed their objective some days ago. But the final measure of our participation in the loan should be nothing short of a subscription from every last officer and rating - to help "back the attack".

I confidently appeal to all of you to subscribe to the very limit of your resources in the further discharge of the trust of the "guardianship of the seas" which has been reposed in us.

Hubert Bennett
CHIEF OF NAVAL STAFF.

They have signed on the dotted line that leads to Berlin

CHIEF OF THE GENERAL STAFF

VICTORY LOAN CAMPAIGN

Prior to the inauguration of the Fourth Victory Loan Campaign I asked for the co-operation of all Commanders to demonstrate that the Army, though trained to attack, could and would "Back the Attack".

I am more than gratified with the fine results that have already been achieved. But it is not enough to rest on our laurels with the knowledge that we have exceeded, by a substantial amount, the quota set by the National War Finance Committee.

My hope is that every man and woman in the Army will participate in our effort.

I now ask for your continued active and personal interest in exploiting to the full our initial success.

In the words of the song hit of "The Army Show" - "Let's make a job of it this time".

Act now.
Lieut.-General,
Chief of the General Staff.

DEPARTMENT OF NATIONAL DEFENCE FOR AIR
OFFICE OF CHIEF OF THE AIR STAFF
OTTAWA
May 6th, 1943.

To all ranks of the Royal Canadian Air Force at Home and Overseas:

Your response to Canada's 4th Victory Loan has been splendid. With the loan at the half-way mark, subscriptions so far have exceeded the total purchases made by the Royal Canadian Air Force during the entire period of the last Victory Loan. In all commands, results have been most encouraging.

But the present objective of one billion one hundred million dollars is a vastly greater amount than that which was sought last fall and it is a goal which is a challenge to all Canadians. As Chief of the Air Staff, I am confident that every officer, airman and airwoman of the R.C.A.F. will meet this challenge and support the 4th Victory Loan to the limit.

I ask to you to subscribe to the loan not only out of your savings, but with whatever proportion of your future pay you are able to assign. This may require careful stewardship, but there is such marked need for full and most serious support of the loan that all Air Force personnel, I am sure, will scan their living budgets most carefully to ascertain how they can achieve some added economy which would enable them to participate.

When the subscription lists are closed I hope that every member of the R.C.A.F. may be in a position to say with pride: "I bought a bond. I am in this war with dollars as well as deeds!"

W.S. Broadbent
(L.S. Broadbent)
Air Marshal
Chief of the Air Staff.

How about You?

That the Commanding Officers suggest "that every man and woman in the Armed Forces will participate in the purchase of Victory Bonds to the utmost of their ability" is a challenge to all of us. We can do no less.

The men in the Navy, the Army, the Air Force know from cruel experience that they cannot defeat the enemy with their bare hands. They know the job will need the backing of every dollar we can put into this fight. They will not spare their lives—we must not spare our dollars.

Don't delay—don't even hesitate—phone Victory Loan Headquarters right now—today, and tell them that you will take another Bond. If you haven't the cash your Bank will help you or the Victory Loan salesman will arrange for you to buy the additional Bonds on the Instalment Plan. Sign on the dotted line—Act now.

Wins Commission

PO. Arthur R. Mauger, who recently graduated with a commission as navigator from Pearce, Alta., has arrived overseas following a short leave spent with his parents, Mr. and Mrs. A. R. Mauger, of 1078 Deal. A graduate of Oak Bay High School, he was an employee of J. Parker Buckle Printing Co. up to the time of his enlistment.

Manitoba Over Top In Victory Loan; Continues Drive

OTTAWA (CP) — Subscriptions of \$74,405,450 Wednesday raised the cumulative total of the three-week Fourth Victory Loan campaign to \$959,707,800, with three business days left before the campaign ends and the objective of \$1,100,000,000 less than \$150,000,000 away, National Loan headquarters announced today.

"The increase in subscriptions Wednesday over the day before was represented largely by corporate special names' subscriptions, mostly from Ontario," said the daily statement to the press.

Tuesday subscriptions amounted to \$64,399,950. The Wednesday total of \$74,405,450 compares with \$57,075,500 on the corresponding day of the Third Victory Loan, and the cumulative total of \$959,707,800 compares with \$772,281,300 at the same stage of the \$750,000,000 Third Victory Loan last autumn.

Manitoba reached and passed its over-all objective late Wednesday, second province in Canada to do so. New Brunswick was first, the announcement being made Wednesday evening. Prince Edward Island also reached its official over-all quota.

"Like New Brunswick, however, Manitoba and Prince Edward Island are still short of their general canvass and payroll objectives, representing their respective shares of the \$500,000,000 asked of citizens other than special names," loan headquarters said.

GO BEYOND QUOTA

Both provinces announced their campaigns were continuing without let-up. G. W. Spinney, chairman of the National War Finance committee which conducts Canada's loan drives, telegraphed congratulations to the Manitoba and Prince Edward Island chairmen.

Safeway Stores Ltd., Vancouver, and branches, subscribed \$350,000, the subscription being reported by wire from Winnipeg.

Latest reports give total navy subscriptions at \$2,777,100, air force at \$7,136,500, and army at \$10,532,000—a combined fighting services total of \$20,445,600.

The army figure of \$10,532,000 was subscribed by 117,522 persons, and includes 11,442 overseas applications for \$1,212,000. It was announced that 40 per cent of army personnel in Canada has subscribed.

"In subscribing \$1,212,000, soldiers outside Canada have contributed 11.5 per cent of the army total," said loan headquarters. "The average overseas subscription is almost \$106, while the average soldier subscription in Canada is about \$88."

With a total of \$9,320,000, army units in Canada have raised more than 175 per cent of their \$5,265,000 objective. Military District No. 4 (Montreal) continues to lead with \$1,110,600, or 278 per cent of objective.

Navy Casualties

OTTAWA (CP) — The Royal Canadian Navy in its 173rd casualty list of the war, containing two names, announces the deaths of AB. Jas. Clark Hay of New Westminster, B.C., and OS. Alfred Eric Scales of Regina. Both were members of the R.C. N.V.R.

The list said AB. Hay, whose official number was V-14886, died at St. John's, Newfoundland, May 3. His next-of-kin was listed as his mother, Mrs. Gertrude Hay, of 4906 Kennedy Street, New Westminster.

OS. Scales, whose next-of-kin is his mother, Mrs. Mary J. Scales, of 2224 Princess Street, Regina, died overseas May 5. His official number was V-10996.

We'll Back The Attack...

We'll Buy Victory Bonds!

Our Canadian lads are waiting for the word "GO." They're all ready to go over the top. We cannot fail them... we must not fail them.

Now the climax of the Fourth Victory Loan approaches... there are only two more days to put it "over the top" as we must.

Are you sure you've done all you can? There is some way YOU can buy a bond... or another bond... by pledging future earnings, by tightening your belt more...

Do It Now

We Must Not Let Them Down!

There's still time for you to do your full part. Phone your local headquarters and a representative will call.

COUPONS NOW VALID THURSDAYS
INSTEAD OF SATURDAYS

Sugar, Tea and Coffee Coupons

Coupons Nos. 5 and 6 Became valid April 29
Coupons Nos. 7 and 8 Will become valid May 27
These Coupons remain valid until declared invalid.

Butter Coupons

Coupon No. 9 Became valid May 6
Coupons Nos. 10 and 11 Will become valid May 13
Butter Coupons 9, 10 and 11 expire May 31st.

Charts for Meat Rationing

The date when meat rationing becomes effective will be announced later. All cuts of rationed meat will be classified in four groups. Charts will be distributed to all householders and meat vendors, and will clearly show the value of a Coupon for cuts in each of the four groups.

Spare "A" (Brown) Coupons in Ration Book No. 2 will be used for meat rationing. Two similarly numbered Coupons will become good each week. Each Coupon will be good for the equivalent of half a week's ration.

Prisoners of War

Special permits are available for Canadians sending sugar, tea or coffee in quarterly parcels to next-of-kin who are prisoners of war. With these permits, purchases of goods do not cut into the rations of the senders. They are known as "Prisoners of War

Purchase Permits." Copies of these permits are sent to war prisoners' next-of-kin by the Department of National War Services. One permit is required for each rationed commodity.

Grocers Must Collect Ration Coupons

Grocers must present to their own suppliers appropriate Coupons for any stocks of rationed goods that they buy. Consumers who, by any means, deprive a grocer of Coupons, not only break the law, but also make it difficult for the grocer to provide supplies for his customers in the future.

Canning Sugar Coupons

Arrangements are being made for Local Ration Boards to mail by May 31st, the allotted canning sugar Coupons to applicants—in ample time for canning season use.

RATION ADMINISTRATION

THE WARTIME PRICES AND TRADE BOARD

Meat Rationing System Explained

Meat rationing in Canada, when it starts some time before the end of May, will be a simplified coupon system unlike either the U.S. "point" system and the British "monetary" system of rationing. O. H. Bell, chief ration officer for B.C., states:

Bell, on his return from a conference of western ration board chiefs in Winnipeg, said a system had been worked out by Prices Board officials in co-operation with packers, wholesalers and retailers of meat.

The system will be based on the bone content of the meat and will apply to beef, pork, veal, lamb and mutton, but not to fish, fowl or animal organs, such as heart, liver, kidneys, classified as "offal."

Each consumer will be allowed two meat coupons a week—from "Spare A" coupons in the ration books. The amount of meat each coupon will purchase depends on the bone content of the cut. Cuts with little or no bone content will yield only around half a

pound to a coupon. Bonier meats will be as much as a pound to a coupon. Rationed meats have been placed in four categories under this system.

Group A includes bacon and smoked meats, which will bring the housewife least weight for her coupons. Tenderloin and sirloin steaks, and round roasts come in group B, which is expected to have the same coupon value as group A.

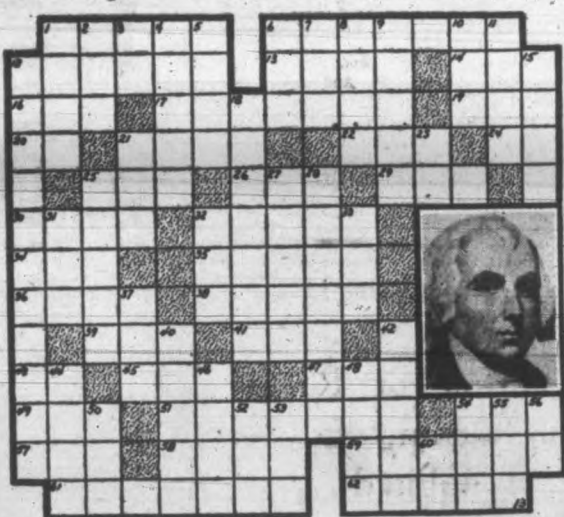

Group C, which may have double the weight per coupon, will include porterhouse steak, leg of lamb, rib roasts and sausage. In group D will be pork chops, lamb chops and chuck roasts.

Charts showing the various cuts of meat and the coupon value of each will be displayed in all butcher shops.

ST. MARY'S A.Y.P.A.

St. Mary's A.Y.P.A. met Monday evening for a business meeting with 34 members and guests present. A concert in aid of the Oak Bay Red Cross will be held June 1. Dorita Palin is chairman of the committee in charge of the affair. Next meeting of the branch May 17, when a full report of the concert committee will be heard, and officers for next season elected.

Canada May Keep Mercantile Fleet, Commons Informed

OTTAWA (CP)—Retention of the bulk of Canada's war-built freighter fleet to form a postwar merchant marine was envisioned in the House of Commons Wednesday afternoon by Munitions Minister Howe.

With the exception of some 75 vessels sold to the United States, the title to the freighters will largely remain with Canada to be returned after the war, the minister said.

The minister made this statement during consideration of the \$1,000,000,000 mutual aid bill which was before the House in committee throughout Wednesday's three-hour sitting. Little progress was made.

Mr. Howe said a merchant fleet in excess of 200 ships, manned by those now serving in Canadian naval units, was possible.

The afternoon was enlivened by a declaration from Hon. R. B. Hanson, Prog. Con., York-Sunbury, N.B., that "Conservatives" were carrying the weight of the Fourth Victory Loan campaign, and receiving "not a cent" for their effort.

He declared further that all public tasks for which there were no emoluments were given "Conservatives," while salaried positions went to friends of the government.

FAIR DIVISION

Finance Minister Ilsley said the charge about the Victory Loan was unwarranted, that every effort had been made to make the campaign machinery non-partisan, and that all parties were carrying their share of the load.

Howard Green, Prog. Con., Vancouver South, precipitated another debate that lasted until adjournment time when he moved an amendment that would add the name of Trade Minister MacKinnon to the five-man board proposed in the bill to administer mutual aid.

The board as proposed in the

bill would be composed of the ministers of munitions and supply, finance, national defence, agriculture and justice.

Mr. Green said trade and commerce in the postwar period should be considered in administering the mutual aid measure and Mr. MacKinnon should be on the board.

Catholic Bishops In Germany Protest Nazi Church Policy

NEW YORK (AP)—The German Catholic hierarchy has issued one of the strongest of its long series of denunciations of Nazi religious policy, the U.S. Office of War Information has disclosed.

It issued the text of a protest by Catholic bishops in Germany asking relief "against measures of officials of the (Nazi) party and their government which are directed against the church and against all Christianity."

The Catholic International Press Agency reported April 12 from Bern, Switzerland, that it had learned of such a protest, but gave no further details.

The meeting of bishops, held at Fulda, Germany, Dec. 18, 1942, said the protest "concerned not only the vital interests of the Catholic church within Germany, but extended to violations of the free practice of the religion of Catholic Christians in the territories that recently have come to Germany." The O.W.I. announcement said.

The declaration cited "notorious occurrences" against Catholics in Poland, Alsace-Lorraine, Yugoslavia, and Luxembourg. The bishops' memorial, signed by Adolf Cardinal Bertram, Bishop of Breslau, in the name of the bishops of the German Catholic dioceses.

U.S. Bureau of Mines crews are fighting Alaska's bad weather and rough country to locate minerals that will yield metals for fighting equipment.

John Inglis Plant to Lay Off 3,000 Workers

TORONTO (CP)—Lay-off notices were issued Wednesday to several hundred workers in the giant John Inglis war plant and general manager A. L. Ainsworth

issued a statement saying staff reduction brought about by a change in the manufacturing program will be spread over 60 to 90 days.

Eamon Park, international representative of the United Steel Workers of America (C.I.O.), bar-

gaining agent for the workers, said today it was understood the number to be laid off "might run to 3,000."

It was reported that a large number of girls brought from western Canada to work at the Inglis plant, would be split into

two groups, some being sent to the Windsor area and others to the Ottawa district.

Eighteen years of excavations on more than 40 sites in New York State constitute the basis of a forthcoming book on pre-Iroquoian cultures.

HBC Quality Is Not Expensive...

New Types of MATTRESSES

For Sleeping Comfort and Serviceability

Inner-spring
Mattress
And a Padded
Upholstered Base
To Match...

Unit... 38⁵⁰

Here's a combination for healthful, comfortable sleeping hours... at a moderate price. The most satisfactory and rest-inducing sleeping surface you can buy... now that steel springs are not available. The Mattress has an inner spring, made up of hundreds of resilient coils. The springless base is well padded with soft felted cotton. Has strong handles for turning. Both pieces covered in sturdy striped ticking. Sizes 4.6, 4.0 and 3.3.

Others Priced at 49.50 and 58.50

Sturdily-constructed
Cable Bed Springs

Your sleeping hours will be more restful if you have a reliable cable spring beneath your felt mattress. These are sturdily constructed to add to your sleeping comfort for years to come. Have heavy hardwood frames.

To Make MEAT
Go Further...

An inexpensive way to make meat go further with satisfying deliciousness is by making a meat pie. Start it off by making a stew... be sure to be liberal with fresh vegetables... they are vitamin-full.

A good stew is helped along if the meat is browned in a little fat before the water is added, and the vegetables added only after the meat is almost tender.

After the stew comes up to your specifications of tasty goodness, top it off

with a pastry crust. For menu interest, bake individual pies in small dishes and serve a tempting gravy or sauce to extend the savory meat flavor.

Sports Mirror

By PETE SALLAWAY

PAYING one of his periodical visits our pal George Beck held forth for half an hour the other day on the splendid work being carried out by the Victoria Fish and Game Protective Association. Beck was in a particularly "giving" mood with the result we learned a lot of facts that should prove of great interest to the general public.

For instance, we were informed the Victoria body along with the other affiliated fish and game clubs on the island has been engaged in a serious study of the deadly lung disease which has been killing off a large number of island deer in certain isolated sections. It seems to have been clearly determined the doe is the carrier of the germ with the result it may prove necessary to kill off a goodly number of the females. The disease appears to have struck its hardest blows at the flocks in the vicinity of Hill 60, Cowichan Lake district. Only bright-side-of-the-picture is that deer able to exist on certain diets are able to throw off the dread malady.

Beck told us of the efforts of the fish and game enthusiasts to ensure the protection and control of sport fishing in B.C. now that the province's fish hatcheries have been closed down for the duration. "Our supply of fish at the present time is good but we intend to do everything possible to protect that supply and make sure our sport fishing facilities are not depleted," Beck went on to give us one example of just how the fish and game officials go out of their way to consider the sportsman. "Recently when trout fingerlings were planted we made a suggestion that a certain number be

placed in Thetis Lake, which would enable the angler to reach a fishing spot by bicycle if the gas rationing made it impossible to travel by car."

There were many other instances we learned of how the fish and game men have gone ahead with projects to benefit both the hunter and fisherman. However, many times the public is not informed of this work mainly because those responsible do not feel inclined to accept any personal pats on the back. Results are enough recompense for their time and efforts.

A little more publicity to the work of such a worthy organization would certainly do no harm. A better understanding with the general public would be the result. Come out in the open and let the people know what is being accomplished and attempted. Value of the fish and game groups is well recognized by Attorney-General R. L. Maitland, who has given assurance of his utmost co-operation in all matters pertaining to fish and game. The entire island is organized and with the support of the public great strides could be made in making it one of the best-controlled fish and game centres on the continent.

After giving us the low-down, Beck came up with the question: "What is your attitude towards the fish and game association?" We do not need to tell you our answer. Protection of fish and game is necessary, as well demonstrated by so many states south of the border. But we suggest that the local group give its fine work more publicity and seek the support of the man-on-the-street.

Services Dominate Sports

Civilian Clubs Pass

By CHARLES EDWARDS
TORONTO (CP) — Canada's greatest athletes are joining the armed forces and inevitably service teams are taking the Dominion's top sports honors. A year ago Ottawa R.C.A.F. won the senior hockey title and this season Ottawa Army Commandos held it for the services. Toronto R.C.A.F. holds the national football title and now Victoria R.C.A.F. has won the Canadian basketball crown.

Civilian clubs are passing from the sports scene and with them go some of the great names of the prewar era. One such club is Port Arthur Bearcats, for years ranked with hockey's greatest. Some players are in the services, others in essential industry and Dick Elliot of the Port Arthur News-Chronicle says there is little chance the lakehead will have senior hockey next season.

The Bearcats name was adopted in 1935 and won national

recognition in 1939 when the Cats captured the Allan Cup. Bearcats have been lakehead champions each year since 1937.

HOCKEY BUDDIES

Predicting passing of the club, Elliot comments: "The story of the Bearcats is one of hockey buddies, rather than one of a collection of hockey stars."

"The Bearcats have been almost unique as an organization, remarkably successful as a unit but composed of many players who, if taken away and placed on teams elsewhere, probably would impress very little. They'd miss the Bearcat spirit, their old associations on and off the ice. It undoubtedly explains why Bert Laprade didn't do as well as expected with the Montreal air force team this season and makes you wonder whether Edgar Laprade, for all his genius, would be even half as successful playing elsewhere as he has been in his five years with the Cats."

Any lacrosse players eligible for competition in senior company, and not associated with the R.C.A.F., are asked to communicate with Tom McKeachie, telephone E-0354, if they wish to play this season.

Preakness Just a Canter for the Count

Count Fleet, 1943 Kentucky Derby winner, seized the lead outside the starting gate, lengthened it and romped under the wire an uncontested winner. And that's the story of the 53rd Preakness at Pimlico, Md. Above, the Count is taking jockey Johnny Longden across the line in 1:57 2-5, leading Blue Swords by eight lengths, with Vinciente a trailing third.

Y.M.C.A. Swimming Champs Crowned

Macrina Boothe and Len Coverdale took top honors in the senior girls' and senior boys' divisions respectively, at the swimming meet held by officials of the Y.M.C.A. in the Y pool, Wednesday night.

Miss Boothe tossed out Winnifred Fritchard by a single point to win the girls' title while Coverdale with nine points took senior boys' honors from Bob Johnstone, who had five.

Champions in all divisions were crowned during the program which was run off in record time. Intermediate winner with 12 points was Stewart McInnes and runner-up was George MacKareth. 9. Joan Morgan with 7 points was first in competitions for the junior girls' and Ina Salmon with 6 points came second. Boys' championship went to Pete Salmon, 8 points; runner-up was Dick Bowden, 5 points. Louise Naysmith and Gili Watson were winners in girls' "Preps" class and Bob Shipley in boys. Lorne Davies and Brian Stevenson tied for second place.

Joan Morgan, Aileen Smyth and Ina Salmon all touched the finishing line at the same time in the dead heat in the girls' junior event for those under 15. On second try, Aileen Smyth came first with Joan Morgan second and Ina Salmon third.

Softball Tonight

Section A softball teams are slated to open the season tonight at Athletic Park, when Navy battle the Victoria Machinery Depot, starting at 6:45.

In a C section game Wednesday night K.V.'s handed Fletcher's Men's Shop a 20 to 0 beating. Robertson hurled one-hit ball for the winners and struck out 13.

SEEKS LACROSSE PLAYERS

Any lacrosse players eligible for competition in senior company, and not associated with the R.C.A.F., are asked to communicate with Tom McKeachie, telephone E-0354, if they wish to play this season.

V.M.D. Whip Flyers

Coghlin Hurls Well

Coming up with a brand new hurler named Jack Coghlin, formerly of Saskatoon, who hurled eight-hit ball in his first appearance, Victoria Machinery Depot, spanked the R.C.A.F. Flyers 11 to 5, Wednesday night, for their second straight victory in the senior ball loop. The win moved last year's champions into first place without any company.

Coghlin, despite his mere 135 pounds, showed a neat turn of speed and a nice curve ball. For five innings the prairie boy held the Flyers scoreless and during the eighth inning struck out six.

V.M.D. hit the ball hard to score their 11 runs. Every man on the club, with the exception of Coghlin, got himself a single as 13 hits rattled off their bats. Babe Work, southpaw first sacker, led the batting parade with three singles, while Harney, Lowe, and Duffy copied two apiece. One of Lowe's hits was a three-base smash into deep right field.

TAKE BIG LEAD

After a pair of scoreless innings V.M.D. moved into the lead with a lone run in the third. They added two in the third and came up with five in the sixth for an 8 to 0 margin. They closed out their scoring with another single in the seventh and two in the eighth. After five scoreless innings the Flyers got to Coghlin for three two-base knocks in the sixth by Meany, Switch and Jimmy Lowe and made them good for two runs. The airman got another run in the seventh and two in the eighth to wind up the scoring for the night.

Jerry Ray worked seven and two-thirds innings for the Flyers and although touched for 13 hits did a fair job on the hillock. His support was not of the best in the pinches. Ray struck out three and walked eight.

Friday night the Eagles and Navy will be opponents. Beaten in their first game the clubs will be out to crash the win column. Starting time will be 6:15.

Shore score follows:

	R	H	E
V.M.D.	11	13	3
R.C.A.F.	5	8	5

Batteries—Coghlin and Harney; Ray, Martin and Switch and Meany.

Hockey Operations Show \$60,000 Profit

PORT ARTHUR (CP)—Frank Sargent, president of the Canadian Amateur Hockey Association, said in an interview Wednesday night that when all reports of the 1942-43 C.A.H.A.'s operations have been completed they will show a profit of about \$60,000 for the season.

Sargent said that \$45,000 of the profits had been earmarked for various commitments, including a \$5,000 donation to the Dominion government for furtherance of Canada's war effort and purchase of \$10,000 of 1943 Victory Bonds. The president said that "all our reserve which is now close to \$60,000 has been invested in war bonds."

San Francisco Club Faces Foreclosure

SAN FRANCISCO (AP)—President Charles Graham of the San Francisco Baseball Club expressed confidence today that a deal could be worked out whereby foreclosure against the club by the San Francisco bank could be forestalled and the present owners could retain control.

The bank, which holds a \$198,000 mortgage on the property of the club, including the Seals' Stadium, started foreclosure proceedings Wednesday, but action will not become effective until after a four-month grace period. Graham said the club's property was valued at \$800,000. Graham has rejected an offer made by Joe Goldie on behalf of the Rainier Brewing Company to buy the Seals' plant, pay the mortgage and allow the club to use the stadium 10 years rent free.

Wadsworth Rules Choice Over Dubs, Heavier Puncher

VANCOUVER (CP) — Friday night's five-bout boxing card, headlined by the Canadian middleweight championship go between titleholder Len Wadsworth of Hamilton and Sudbury, Ont., and Seaman Harvey Dubs of Windsor, Ont., has taken a distinctly military flavor.

The program, made up mostly of boxers in the armed services, and sponsored by the Victory Loan sports committee, climaxes Vancouver's "8th Army Day," in recognition of Gen. Sir Bernard Montgomery's smashing Tunisian triumph.

The fights originally were scheduled for Wednesday night at Athletic Park, but the committee shifted them indoors to the Exhibition Gardens, due to inclement weather conditions.

Dubs, who has been receiving training instructions via mail from his manager, Lieut. Art Mansfield of the Royal Canadian Navy, stationed at Port Arthur, was heartened considerably Monday when Mansfield left to direct his batter for the ringside. Dubs also is with the Royal Canadian Navy.

Fight fans who have been watching Dubs and Wadsworth in training, are inclined to give the champion the edge in the scheduled 12-round bout because of his terrific punching power and experience. Now 28, he has been fighting as a professional nearly 10 years, winning the Canadian middleweight title in 1937.

DUBS ONLY 20

Dubs, only 20 years old, hasn't been in the game as long, but has made a name for himself in eastern Canada and the United States in the last two years. He is speedy and tricky, and if he can stay out of range of Wadsworth's heavy artillery may win on points.

Wadsworth, a policeman in a Sudbury mine, is expected to enter the ring at 159 pounds, about nine pounds heavier than Dubs.

The 10-round semifinal brings together young Tommy Burns of Vancouver, who is in the army, and Sgt. Johnny Foster of the R.C.A.F. stationed near Vancouver.

LAC. Hank Egli of the R.C.A.F. meets Pte. Hiram Berry of Victoria in the four-round opener; Jackie Turner, Vancouver, tangles with Pte. Bobby Parker of Victoria in a five-round preliminary; and Pte. Al Pschritter of Victoria opposes Scotty Hendrie of the merchant navy in a six-round battle.

Slide Rule Takes Belmont Feature

NEW YORK (AP)—W. E. Boeling's Slide Rule, third in the Kentucky Derby, Wednesday ran away from a field of "second string" three-year-olds in the 43rd Swift Stakes at Belmont Park. Coming from last place over a track deep in slop the dark chestnut son of Shark from the barn of the Seattle airplane manufacturer hit the wire five lengths in front of William Woodward's Bossuet, who took the place by a half-length over Townsend Martin's Bankrupt, another of Count Fleet's Kentucky Derby victims.

Carrying top-weight of 122 pounds and piloted by Conn McCreary, Slide Rule splashed through the seven furlongs in 1:42 4-5 to pick up a \$5,675 winner's paycheck from the field of 10.

He returned \$8.10 for each \$2 win ticket. Taking three straight games, Douglas Cafe defeated the Coach and Horses in the final for the Commercial Teapin Bowling League championship at the Arcade Alleys. The cafemen won the first game by 121 pins, the second by 72 and the third by 33.

Victoria Women Top Table Tennis List

Women table tennis stars of Victoria grabbed off the first and second rankings in the province, according to the annual list announced by the Western Canada Table Tennis Association. Ruth Payne, western Canada, and B.C. singles champion, was ranked number one, with Barbara Mackay, Pacific coast and city singles titleholder, second.

Fred Swartz, Vancouver, holder of the B.C. and Vancouver singles, headed the men's rankings with Ab Renfrew, Victoria, second.

Gordon Elworthy, Victoria, topped the junior singles, ranking with Keith Olson, Victoria, second.

Rankings follow: Men's singles—1, Fred Swartz, Vancouver; 2, A. Renfrew, Victoria; 3, W. Browne-Cave, Victoria; 4, M. Levine, Vancouver; 5, J. Bennie, Vancouver; 6, A. Barran, Vancouver; 7, V. Tully, Victoria; 8, E. Walker, R.A.F.; 9, J. Wilson, Vancouver; 10, G. Lowe, Victoria.

Ray Dawson not seeded because of insufficient play.

Ladies' singles—1, R. Payne, Victoria; 2, B. Mackay, Victoria; 3, P. Colquhoun, Vancouver; 4, Joy Payne, Victoria; 5, P. Brown, Vancouver; 6, J. Bennett, Vancouver.

Junior singles—1, G. Elworthy, Victoria; 2, Keith Olson, Victoria; 3, J. Kirchner, Victoria; 4, W. Tuthill, Victoria; 5, S. Ngai, Victoria; 6, Mike Pek, Vancouver.

Men's doubles—1, Renfrew and Browne-Cave, Victoria; 2, Swartz and Levine, Vancouver; 3, Bennie and Fulcher, Vancouver; 4, Dawson and Barran, Victoria; 5, Tully and Walker, Victoria.

Mixed doubles—1, P. Colquhoun and J. Bennie, Vancouver; 2, R. Payne and E. Walker, Victoria; 3, B. Mackay and Vic Tully, Victoria; 4, Joy Payne and Browne-Cave, Victoria; 5, J. Bennett and Hopwood, Vancouver.

Don Meade Appeals

NEW YORK (AP)—Don Meade, recently denied a riding license by the Jockey Club (New York) has appealed to the New York state racing commission and his case is expected to be heard on Friday.

Meade, one of the country's ranking jockeys, was set down last fall on a charge of collusion in a handicap race at the Jamaica race track. Later his suspension was continued until Dec. 31. When he applied for a license on April 14 the jockey club turned him down.

Cleveland Crowds Leading Yankees

Moves Within Single Game Of Champions

Cleveland Indians are crowding New York Yankees for first place in the American League, but there is no way of telling yet whether the tribe is on the warpath or simply doing its spring moving.

They overpowered Washington Senators Wednesday night in a floodlight affair 8 to 2, to move within one game of the pace-setting Yankees, who were beaten at Chicago 2 to 1 in 10 innings for their second straight setback.

Chubby Dean held Senators to six hits and had a shutout till the ninth.

The Yankees' whipping by the White Sox was the handiwork of Johnny Humphries and Joe Kuhel. Humphries pitched six-hit ball. Kuhel singled Humphries home with the tying tally, and then in the 10th singled rookie Thurman Tucker across with the winning run.

Ernie Bonham, the Yankees' ace, who had won three games without a defeat, went the route. Philadelphia Athletics and Detroit Tigers battled in a 15-inning marathon at Detroit, before a single by New Harris gave the Tigers a 3 to 2 victory.

St. Louis Browns staggered the Boston Red Sox 6 to 4, with Chet Laabs hitting a three-run homer—his second round-tripper of the season.

All National League games were postponed because of unfavorable weather in the east.

COAST LEAGUE

Los Angeles continued Wednesday to make a parade out of the Coast League baseball race, winning their 13th consecutive game and their 19th of the season.

Wednesday's victim, for the second day in a row, was Seattle, the Rainiers bowing 14 to 1 before a 21-hit barrage. The victory moved the Angels more than 300 percentage points ahead of their nearest rivals. Jodie Phipps held the Rainiers to four hits, and it was the second straight day that the Angels defeated the northern team by a 13-run margin.

San Francisco, climbing steadily, beat Portland 2 to 1 in the tightest game of the day. Oakland moved into a second-place tie with San Diego by lambasting the slipping Padres 11 to 9.

Fifth-place Hollywood kept pace, pushing Sacramento further into the cellar with a 6 to 5 victory.

V.M.D. Footballers Capture McGavin Cup

Victoria Machinery Depot closed out the local soccer season Wednesday night, defeating the Navy 2 to 0 in the McGavin Cup final. Alderman Duncan McTavish presented the trophy to the winners. 'he cup triumph marked the fifth success for the shipbuilders this season, they already having won the Garrison, Jackson, Freddy Price and Phoenix trophies.

After a scoreless first half the V.M.D. smashed through for two goals in the final 45 minutes. Alvin Parks scored the opening counter with centre-forward George Payne making victory safe near the end of play.

There are now some 78,000,000 cattle in the United States, approximately 13,000,000 more than in 1938; the principal increase is in beef animals.

Transfer or Replacement of Oil-Burning Equipment Is Prohibited

To every owner of oil-burning equipment:

Under regulations of the Oil Controller, it is not permitted to transfer any oil-burning furnace, boiler, or stove from one location to another. This prohibition does not apply to kerosene stoves used in the home, but kerosene must not be burned in any stove which was not fuelled by kerosene on July 1, 1942.

If oil-burning equipment is worn out or obsolete it must not be replaced with new or second-hand equipment.

Any infraction of this order is subject to severe penalties.

HONOURABLE C. D. ROWE
MINISTER

Classes Shrink, Pupils at Work

Victoria's school population is dropping, largely through a tendency on the part of students reaching their 15th birthday to leave class for employment fields, according to a report of the education committee to the city school board, Wednesday night.

The drop is being offset to some degree by a slight increase in the lower grades.

A copy of a report by the Department of Trade and Industry on public school students leaving the school system up to June 30, 1942, was filed for consideration by the board.

City school sports, scheduled this month, have been postponed until June 18, owing to the outbreak of measles, the board was informed. Trustees were told by the medical officer cases so far have been mild. At the same time teachers have been instructed to request parents to keep children with colds at home until certain the symptoms are not those of measles.

Reviewing window-breaking occurrences during Easter vacation, particularly at schools in the east of the city, the board called for erection of signs instructing youths and children to keep off school grounds after regular school hours. H. L. Campbell, municipal inspector, voiced opinion breakages were due to accidents and not to vandalism. More would have occurred had the latter been the cause, he said.

School dental service has been concentrated on treatment and prevention of tooth loss rather than repairing temporarily-neglected teeth, according to a report from the school dentist.

Action on the South Park P.T.A. request for a new piano was tabled for consideration next fall.

Purchase of 100 folding chairs at a price of \$2.98 apiece was authorized by the board.

The board accepted invitations to the Victoria West opera, "Hansel and Gretel," to be produced by the students of Grades 7 and 8, Friday-afternoon and evening, and to the I.O.E. Empire Day service before the Queen Victoria Memorial, May 21.

Use of Victoria High School for the Summer School, and of a room at Victoria College for marking papers in July, was granted at the request of the Department of Education.

Victoria schools exceeded all cities in Canada in their fat salvage campaign, the board was informed.

The Gyro Club was granted permission to hold its hole-in-one contest at Central Junior High grounds, June 30 and July 1, 2 and 3.

The board granted the request of the Women's Regional Advisory Committee - Wartime Prices and Trade Board, for the High School Auditorium, May 25, for Mrs. Atken's "Remake Revue."

Reports on building and ground committee activity last month, and projects for May, were presented by Trustee W. A. Bayliss. Included in the latter are painting, varnishing, library floor covering and repairing the fire-alarm system at Victoria College; repairing the High School roof; re-shingling the manual training building at Victoria West; re-shingling the north side of the Sir James Douglas annex, and painting and staining at Oaklands annex.

Says Axis Will Bomb U.S. City This Summer

PORTLAND, Ore. (AP)—Axis aircraft will bomb some American city this summer, Maj. Joseph Hansel of the office of civilian defence warned a joint meeting of the League of Oregon Cities and the Oregon Finance Officers' Association Wednesday night.

Urging adequate preparation for emergencies, the director of civilian protection for the O.C.D.'s northwest sector said "it can happen here and it can happen at Omaha, just as well as it can happen at Portland."

Jerrold Owen, Oregon O.C.D. co-ordinator, predicted Oregon is "sure to be bombed this summer, and the bombs may be demolition, or they may be incendiary or they may be gas."

Windsors to Tour

SWEDESBO, N.J. (AP)—The Duke and Duchess of Windsor will start a tour of south New Jersey truck farms at Swedesboro Friday to observe results of importation of Bahaman labor. Two hundred Bahaman negroes are working on farms in the vicinity of Swedesboro.

Fatigue apparently does not affect one's ability to hear.

COME ON BRITISH COLUMBIA

Back the Attack!

MAKE this Province the spearhead of Canada's Fourth Victory Loan Drive. Your dollars are needed on the battle front.

British Columbia, too, has a stake in freedom. Her sons and daughters are serving over there so that the sanctity of our homes and institutions may be preserved over here.

That is why the government decided to almost double its contribution to Canada's Fourth Victory Loan.

A total of \$8,400,000 has been invested by the government through its various funds. The Province will now hold \$18,400,000 of Victory Bonds and is proud of its contribution to the price of freedom.

Every dollar that can be mustered should be put to work buying the munitions, planes, tanks and ships, with which to Back the Attack.

BUY Victory Bonds

PUBLISHED BY AUTHORITY OF THE GOVERNMENT OF BRITISH COLUMBIA

5 Victoria Chinese Put \$32,000 in Loan

Ten thousand dollars each was invested by two of Chinatown's leading businessmen at a rousing Victory Loan celebration, Wednesday night, at the Yang-Yang Musical Club, which was attended by the Chinese Consul-General from Vancouver, Hsi Chaw Ying, and his wife; high-ranking Victory Loan officials and many prominent Chinese businessmen.

Subscriptions received last night included Tuck Long, \$10,000; Wah Quon, \$10,000; Dick Chu, \$5,000; Quon Yen, \$5,000 and Charlie Hope, \$2,000.

Receiving hosts were Wah Quon and Tong Yen, who welcomed among the guests National War Finance officials, J. Munro, C. Brown, C. May, Harold Henderson, Denis Hagar, Quon Yen, chairman of the Chinese committee, Joseph Hope, secretary, Murray Martindale, A. C. R. Portway, A. J. Ross and E. C. Lewis, representing the banks.

Exhorting his fellow countrymen to buy more and more Victory bonds to help the Allied cause, the Chinese consul said, in native dialect, "We must buy to our utmost to help the Canadian government and the cause of freedom."

Rev. M. F. Leong, Chinese Presbyterian minister, also gave a stirring address on behalf of the Victory Loan campaign.

Received with much applause, two films shown by Clarence Ferris, government photographer, "One Day of War," and "Battle Is Our Business," graphically illustrated the feeling of democratic unity to which the speakers referred.

Officials were conducted by George Joe on a tour of inspection through Victory Bond offices, and later dainty Chinese refreshments were served in the Musical Club.

The Kinsman's Band, which has played on several occasions for Victory Loan functions, gave a concert between 7 and 8. The Chinese in appreciation, distributed chocolate bars and cigarettes to the band.

Home Roof Fire Does Considerable Damage

Fire, caused by chimney sparks igniting an asphalt roof, did considerable damage Wednesday afternoon to the home of V. Thurburn, 970 Heywood.

Fire Chief Alex Munroe of the city fire department said the blaze had been burning some-

time before the alarm was turned in. Water damage to the furniture and rooms was slight. The house was not insured.

Wider Powers Granted Dawson Creek Board

Tremendous growth of Dawson Creek brought about so many problems that the village commissioners were forced to resign because their powers were not wide enough to cope with the confusion.

Provincial government, by order-in-council, this week appointed new commissioners and gave them much wider power under the Village Municipalities Act, and will give the new board full authority to deal with any emergencies that may arise.

The new commissioners are Kayo Aspel, Gordon J. Kittson and Elwood J. Spinney. The commissioners who resigned were: Wm. A. Reasbeck, Chas. S. Kittchen and Timothy Juron.

C. Gordon Rogers, son of Mr. and Mrs. Joseph Rogers, Saanich, who graduated with honors from the University of C. in civil engineering. Mr. Rogers was last year's gold medalist and has won a number of scholarships during his school career.

ST. JOHN'S A.Y.P.A.

St. John's A.Y.P.A. welcomed four guests: Loraine Turner, Ross Curry, Ann Underhill and Hal Warcup.

A nominating committee was appointed for the annual elections to be held two weeks hence. They are Wendy Perkins, Mollie Brinkman, Lenora Williams and Jim O'Neill.

Albert Goodall, city waterworks department, told police Wednesday night a fire hydrant had been broken off at Bay and Government.

Members of the staff of Northwestern Creamery who have obtained 125 per cent of their quota under the Payroll Savings plan, are presented with an honor roll by Denis Hagar, divisional organizer, at extreme right. A. E. Trimble, chairman of the firm's Victory Loan committee, was assisted by Bob Jones, extreme left, and Vic Grange, next to Mr. Hagar.

100 Rooms Wanted For Summer Students

Approximately 100 rooms will be needed for students arriving in Victoria for the Summer School of Education, which opens at Victoria High School June 30 and closes Aug. 4, officials at the National Housing Registry learned today.

Dr. C. B. Conway, director of the Summer School, stated enrollment stands at 700 teachers and accommodation has already been found for 350. Approximately 100 rooms were made available from listings of the National Housing Registry, and Dr. Conway feels that an additional 100 rooms will be sufficient.

The rooms may be with or without board, he stated, for the cafeteria in the High School will serve three meals a day, including Sundays. Anyone wishing to make a listing available is asked to telephone Mrs. W. E. Rayfuse, manager of the National Housing Registry.

Inquest Friday

An inquest into the death of Mrs. Madeline McKay, who died Thursday following a traffic accident April 26 at Craigflower and Raynor in which she was seriously injured, will be conducted by Dr. E. C. Hart at 10:30 Friday morning at Sands Mortuary.

Joseph McKay, husband of the deceased, was driver of the light milk truck which was practically demolished when it and a street car collided. He was released from Royal Jubilee Hospital this week.

Firemen Rescue Cat

City firemen, who annually remove two or three cats from telephone poles and trees, Wednesday tackled the first call of this type this year, as Mrs. E. Gibbs, 1324 Gladstone, asked their assistance to remove her daughter's cat, which had been in a big oak tree for two days.

Firemen were forced to raise two ladders to the cat, which took refuge from neighborhood dogs on a gnarled limb about 25 feet from the ground.

First using a single ladder firemen found the cat ran to the opposite end of the limb as they approached. With two ladders, however, they were able to corner the cat and bring him to safety.

Human Remains Found Saturday Disappear

B.C. Police were scouring Greater Victoria today for a skull and other parts of a human skeleton reported to have been found Saturday near the Canadian Pacific Air Lines base at View Royal.

Police were shocked on learning today the bones had been found, but the discovery not reported to them for investigation. They are now seeking the bones for purposes of identification.

The human bones were found Saturday by workmen of Island Building Supply Co. engaged in removing part of a bank at the water's edge near the foot of Stewart Street.

The Provincial Museum has already been informed that the bones will be made available to them.

Coloring and shape of the skull suggested to the finders they had discovered the remains of an Indian-buried years ago, but police feel an investigation is necessary although so far they have not located the bones.

Victoria's city fuel committee will meet at 3 Friday to prepare a brief for Mayor Andrew McGavin to take to the Federation of Canadian Mayors and Municipalities conference in Ottawa, Ald. W. L. Morgan, chairman,

Town Topics

Junior Chamber of Commerce will hold a luncheon, Friday noon, in Douglas Hotel.

Lorne Dallin, 1015 Bank, and Robert Little, 116 George Road, told police early today their bicycles had been stolen.

Second broadcast in the series of children's programs arranged by the Victoria and District Parent-Teacher Council will be presented over CJVI tonight from 7 to 7:30.

The city is invited to circulate other municipalities with a view to discussing the Greater Victoria move in a letter received at the City Hall today from Esquimalt Council.

Wilfred A. Greene, municipal clerk of Saanich, has been appointed by provincial order-in-council a commissioner to take affidavits, replacing Arthur D. Coriker, former municipal clerk.

Pleading guilty of driving over 30 miles per hour in Victoria with no driver's license, a motorist was fined \$15 and \$5 on two charges today. Another driver paid \$2.50 for parking over one hour in the downtown district.

Film City Ltd., charged with selling securities without a license, was remanded again today because of the absence of W. H. M. Haldane, who has been named to prosecute the case in city police court.

Permanent staff of the Mount Toimie Military Hospital has invested \$8,750 in Victory Bonds, Lt.-Col. Baird, R.C.A.M.C., reports today. This figure is over three times the allotted objective of \$2,500.

Moving pictures will be shown on Victoria, Vancouver Island and Vancouver, at a special showing to be held in Room D of the Y.M.C.A. tonight at 7:30, under auspices of the Phalanx Fraternity. All So-Ed members have been invited.

New companies registered this week at the Parliament Buildings include Arden Ltd., \$10,000, Vancouver; Capitol Barber Shop Ltd., \$10,000, Vancouver; Lauderdale Ltd., \$30,000, Penticton; Goroon Latham Ltd., \$10,000, Vancouver; Tyee Equipment Co. Ltd., \$25,000, Vancouver.

Exhibit of work of children from various Indian schools in the province will be held in the Provincial Museum Monday. Examples of art and handicrafts, such as drawings and paintings illustrating Indian folk-lore, customs and ancient designs and specimens of needlework, woodwork, knitting and weaving, will be displayed. The exhibit is sponsored by the Society for the Furtherance of British Columbia Indian Arts and Crafts, and will be informally opened at 3:30 by Mrs. W. C. Nichol.

B.C. Radio Broadcast Receives Commendation

B.C. Education Department's radio production "Spring Salmon—King of Fish" contributed to the national series of broadcasts, has received honorable mention, Kenneth Caple, director of school broadcasts, today advised Hon. H. G. T. Perry, Minister of Education.

The script was written by Miss Anne Marriott of Victoria and planned by Mr. Caple. As well as the professional actors who took part, the leading roles were played by two high school students, Joy Coghill and Don Kyle.

A questionnaire was sent out by the Canadian Broadcasting Corporation in Toronto to 90 Ontario schools, asking pupils to rank the 20 programs of the National School Broadcasts in order of students' preference. B.C. obtained four places out of the first seven, "Spring Salmon" ranking

Air Force Wives Join Land Army

Wives of personnel of R.C.A.F. and R.A.F. stations living in Sidney, Keating, Deep Cove, Brentwood and other districts in the Saanich area will form a branch of the Land Army.

The suggestion made at the annual meeting of the Women's Auxiliary to the Air Services at New Hottel House, Sidney, Wednesday afternoon, was enthusiastically received by the 30 wives in attendance.

A letter was read from the director of Dominion-Provincial Emergency Farm Labor Service, explaining set-up of the new organization, and expressing the hope that members of the air force wives' organization might be willing to join. He pointed out that volunteers would get wages and transportation and that arrangements would also be made for the women to work at times most convenient to them.

Responding to the appeal a preliminary list of 10 names of those who would be willing to take an active part was obtained, and arrangements were made to set up a committee which will assist other agencies in registering all wives in the district who will be willing to participate.

The hope was expressed that the group would eventually number at least 50 who would be willing to go out by the day to help relieve the farm labor shortage in Saanich area.

As this is one district from which the most urgent calls for help are being received from farmers it was considered that any such group could be of great help.

The suggestion has the support of Mrs. McGregor, wife of Group Captain G. R. McGregor, O.B.E., D.F.C., commanding officer of the R.C.A.F. station and of Mrs. Gibson, wife of Wing Commander L. P. Gibson of the R.A.F. station, both of whom expressed willingness to take an active part.

Another enthusiastically behind the project is Mrs. J. B. Ellis, supervisor of the "Y" Hostess House, who pointed out to the group that one fruitful field for their endeavors might be at the Dominion Experimental Farm where sorters are needed for seeds and bulbs, as well as for many other types of work. "Even those who perhaps could not go berry-picking or the heavier work in the fields could do this," Mrs. Ellis pointed out.

It was learned that a kindergarten is being established in Sidney where, for a slight charge, members will be able to leave their children while going out to do day work on the farms.

The hope was also expressed that the wives of men serving in army units in the district could be interested in the scheme, thus making it a joint service project.

Window Display Prizes To Be Given Friday

Presentation of Victory Bonds as prizes for the Victory Loan window display contest will take place Friday at 3 p.m. at the View Street platform, instead of Saturday as previously arranged.

Logan Mayhew will award each of the three winners, Post Office Ltd. and S. S. Kresge Ltd., a \$50 bond donated by the Sidney Roofing Co.

Bandmaster Rowell will conduct the Victoria Boys' Band in a program of military music, and Capt. H. R. Lumby will address the gathering.

On Saturday, 2:30 to 4 p.m., three bands will play simultaneously at prominent downtown street corners. The R.C.A. S.C. Band will play on Fisgard, opposite Hudson's Bay Co., the Victoria Boys' Band at Yates and Douglas, and the Victoria Girls' Highland Pipe Band, under the direction of Miss Nellie Small, at the Victory Loan stand on View Street.

10 Pounds of Sugar New Jam Ration

With one type of exception only, the 46,000 residents of Oak Bay and Victoria who requested extra sugar for preserving and jam-making will get 10 pounds each per individual between June and September. This was announced by officials of the Local Ration Board today.

The one exception is in cases where less than 10 pounds per person was asked for. In such cases the individual allotment will be reduced to the nearest five-pound or multiple of it. For example, if a housewife requested 17 pounds for two people, she would get 15 pounds. On the other hand if her request was over the half-way mark, for example, 18 pounds, she would get 20 pounds, which is the nearest multiple of five.

This, said officials, has been made necessary by the fact that the Dominion government has issued coupons for preserving sugar in 5-pound lots. The ration cards, which will reach households about the first of June, were printed with five coupons on each card. Each coupon is good for five pounds. However, the amount provided for on each card will be reduced to 10 pounds before the cards are sent out.

The 10-pound quota is in line with a similar ration all over Canada, which reduces by half the total amount of sugar asked for. Victoria and Oak Bay, for example, asked for approximately 965,635 pounds, but will get 500,960, which is slightly more than half. This is also slightly more than the 460,000 pounds it would take to provide all residents with 10 pounds each.

Officials don't know yet what they will do with the excess but the suggestion has been made that it should go to residents in fruit growing areas to encourage as much preserving as possible and prevent wastage of fruit.

The provision for reducing the amounts where less than seven and one-half pounds per person was asked for is not being followed by Vancouver, which will give 10 pounds even per person, regardless of the amount requested.

Further Honors For Victorians

More Victoria students who won scholarships and prizes at the U.B.C. were traced by Victoria College authorities today among honorees lists from the Point Grey institution.

John H. Crookston won a university scholarship in Arts and Science for general proficiency in the third year.

John Hannan and Donald C. McLeod were awarded Khaki University and Y.M.C.A. Memorial Fund bursaries.

Albert N. O'Neill, who spent his first two years at the college, was awarded the Dr. F. J. Nicholson scholarship in chemistry, and Alvin J. Narod won the B.C. Lumber and Shingle Manufacturers Association prize.

3-Year-Old Boy Bitten In Face By Police Dog

Three-year-old George Haines, 1226 North Park, bitten in the face Wednesday night by a police dog, was back at home today after having six stitches inserted at Royal Jubilee Hospital.

Young George was playing with Roy Lewis, aged six, and the dog, when it suddenly attacked him, biting him across the nose. George suffered three deep teeth wounds in the cheeks.

The dog was owned by a neighbor, who, city police said, had agreed to pay the hospital bill and have the dog destroyed.

Mrs. G. Ford, grandmother of the bitten child, said she would be satisfied if the dog were removed from the district.

Sentenced to 4 Months

Thomas C. McFadden was sentenced to four months' hard labor today, on a charge of retaining stolen goods. McFadden pleaded guilty to the charge Wednesday.

Herbert L. Freeman, naval telegraphist, arrested at the same time as McFadden, was fined \$25 on a charge of retaining stolen property, while sentence was suspended on another charge.

Magistrate H. C. Hall said he was lenient because this was his first offence, and he had a clear record after almost three years with the navy.

Civilians Leave Essen

STOCKHOLM (AP)—The German city of Essen has been hit so badly by R.A.F.-R.C.A.F. raids that all persons not employed in war plants there must be evacuated, the Essener National Zeitung declares. An issue of this newspaper, dated May 3, received here today, said 42 persons were killed and many seriously injured in the last raid before that date. The only reason casualties were that small, the newspaper said, was because women and children had moved from the city earlier.

\$850 'Y' Alterations Near Completion

Alterations costing approximately \$850 and including a new fire escape, installation of panic bolts on the gymnasium door, new exit lights and new fire gongs, will when completed, bring the Victoria Y.M.C.A. building up to the latest, modern requirement for safety, Frank Paulding, secretary of the "Y" stated today, in his regular monthly report on "Y" activities for servicemen.

The new fire escape is being constructed from the third floor of the east side of the building to the alley and the other alterations have been completed, Mr. Paulding said.

"You couldn't have a safer building in Victoria," The Fire Marshall visited the building during the month and rather heavy alterations were necessary to fulfill the requirements of Ottawa for the safety of servicemen," he said in his report, adding that there were two inspections following which the alterations were ordered.

The new fire escape will bring the total to three, he pointed out. Attendance of servicemen in the games, reading and writing social room of the "Y" for April, totalled 5,462 and attendance at teas, suppers and other social events amounted to 3,667. At three entertainments given by the Red-Triangle Concert Party attendance was 450, and at Sunday sing-songs and goodnight services, 1,109.

Mr. Paulding reported that 3,325 sheets of writing paper and 2,205 envelopes were distributed and he noted a "growing interest in the use of the Y building by servicemen."

A Sunday "bike hike" to Thetis Lake in which a special invitation has been issued to all servicemen to participate, will leave the Y.M.C.A. at 2 in the afternoon, under direction of So-Ed. Participants are asked to bring their supper and there will be swims and a treasure hunt.

Victoria West School Entertains Tomorrow

Pupils of grades 7 and 8 of the Victoria West School will present an entertainment in school tomorrow at 2:30 and again at 8. The program will feature a simplified version of Engelbert Humperdinck's famous opera, "Hansel and Gretel."

Marguerite Mawer and Gordon Young will be seen in the title roles, June McVeeters and Leslie Irvine, the parents, and Moreen Casleton as the witch.

Other items include the short comedy, "Derek's First Shave," an amusing 'tit-bit about the modern young man's first escapade with a razor. Talking part will be Bernard Potvin, Rosemary Hook, Eileen Gahan, Margaret Ross and Ken Wells-muller.

The proceeds will be assigned

Fighting Resumes In Donets Valley; Nazi Wedge Breaks

LONDON (CP)—Russian troops in a resurgence of fighting in the Donets River valley around Lischiansk, about 125 miles southeast of Kharkov, have occupied a hill described in the Soviet noon communique today as a "height of great tactical importance" after rolling back German armor and crushing an enemy wedge thrust into a town held by the Russians.

More than 1,000 Germans were killed and about 1,000 were captured, along with a great store of military equipment in a battle which continued Wednesday night, Russian war bulletins said. They were recorded by the Soviet radio monitor here.

Temporarily, the outbreak overshadowed the steady grinding drive by the Russians against the line of German fortifications outside Novorossisk where a German counterattack was thrust back and Red Army artillery kept up its attacks on the German blockhouses and artillery posts.

SMASH COMMUNICATIONS

Moscow, in a special broadcast, said the Red Air Force had inflicted heavy damage in 12 more raids on German communications centres, bringing total of such attacks to more than 50 in four consecutive days. Some of the cities were targets for the second or third night in succession.

The midnight communique said that in aerial battles 18 more German planes were shot down, with a loss of five Soviet craft.

The noon communique said a German bomber attempting to raid Leningrad was shot down by anti-aircraft defenses.

Artillery duels on the Leningrad and Kalinin fronts, and west of Rostov, and scouting skirmishes on the Smolensk front marked developments in other sectors.

Halsey, MacArthur Widen Their Plans

AN ADVANCED SOUTH PACIFIC BASE (AP)—Admiral William F. Halsey, naval commander-in-chief in this area, has conferred for the first time with Gen. Douglas MacArthur at the latter's headquarters in Australia, the U.S. navy's south Pacific command announced today.

Reporting Halsey's return from the conference, the announcement said "the discussions centred on the closest co-operation and co-ordination of the two commands, utilizing the total means at their disposal."

Observers here agree that the MacArthur-Halsey conference may be the signal for a new phase in the Pacific war.

Ramie shrubs which grow all over China and can be grown here, produce a fibre eight times as strong as cotton that has high tensile strength, resists moisture, and can be spun and woven with existing machinery.

U.S. Also Plans

Social Security

NEW YORK (AP)—Frances Perkins' ideas on fighting freedom from want go a long way beyond the expansion of social security which she proposed in a speech at New York's Town Hall.

In her speech the United States Secretary of Labor presented a preview of a broadened social security plan as part of the fight for freedom from want. The expanded plan would liberalize old age assistance, extend unemployment benefits, and provide against loss of earnings from ill-health and disability, as well as provide other benefits. It would be paid for by a 10 per cent contribution from payroll shared equally by employees and employers. And Uncle Sam would help after the plan has been functioning for 10 years.

Miss Perkins said that the expanded plan would soon be laid before President Roosevelt. And she indicated that, if put into action soon, the plan might prove helpful in combating the problems of a postwar era when thousands of job-seeking men come home from war and wartime industrial workers must find peacetime jobs.

WORK TO BE DONE

But after the meeting she said: "This takes the crisis out of what gives freedom from its more gruesome aspects. But there is a lot more to be done."

First, improvement of agricultural methods and distribution the world over, so that the people of the world may feed themselves.

"Second, the development of

Ginger Rogers In Riotous Romance

A riotous romance against the grim background of a world at war is the theme of Leo McCarey's "Once Upon a Honeymoon," which comes to the Dominion Theatre tomorrow, brings together Cary Grant and Ginger Rogers for the first time in what is said to be one of the season's most unusual offerings.

Ginger is cast as a dancer who marries a German baron on the eve of the Nazi march into Austria, and Cary portrays a broadcasting reporter interested in the political game the baron is playing. He follows the newlywed into Poland, which promptly falls, confirming Cary's belief that the baron is Hitler's principal advance agent.

Ginger realizes she's made a mistake and with Cary's help escapes from her titled husband. Their dramatic and hilarious adventures as they make their way into Holland and then into France just one jump ahead of the Nazis, lead to the exciting conclusion of a story which reunites the three chief characters in Paris under unusual circumstances.

Arion Club

Concert May 17

Fifty years ago! A long time to look back upon and especially in the history of our fair city, and yet it was a half a century ago on May 17, 1893, that the well-known male voice choir named the Arion gave their first concert. This year they are commemorating this event by giving a concert at the Royal Victoria on May 17 when, in addition to the reputation the choir has established in Victoria and elsewhere for their original intention of maintaining the high standard of music for which this city has always been noted, the concert is being given in aid of the Milk for Britain Fund, which has been sponsored by the Kinsmen clubs of Canada for over two years.

The Arions have during their existence contributed well over \$10,000 to the charitable and other institutions of Victoria, and their one aim has been to maintain and elevate good music.

The three conductors on this occasion will be Herbert Kent, P. H. Hughes and B. C. Bracewell. Assisting artist will be Miss Patricia Swift of Chicago, a Victoria girl who has made good in the U.S. city, and her charming soprano voice will be heard in some beautiful arias. The concert is under patronage of Lieutenant Governor Woodward, Premier Hart and Mayor McGavin. Tickets can now be obtained at Fletcher Bros.

scientific methods of manufacture and distribution of goods.

"Third, a revival of world trade, so that people can exchange what they have for what they need."

Nobody needs to tell Frances Perkins that those ideas present thorny problems. But when the comment is made, she counters with this:

"Economics is not like the law of gravity. It is man-made. We used to call this field of human knowledge 'political economy.' It should be called 'moral economy' in which man exercises his judgment."

Gov.-General Sees Salvage Corps

Two hours before he left for Vancouver, His Excellency the Governor-General, visited the Cloverdale barn of the salvage corps and saw much splendid work being done. He complimented the workers and told them they are doing a fine war job. Above His Excellency is seen with Cmdr. J. S. Hincks, barn manager, who acted as escort on the tour.

Epic Stand Shows Marines' Heroism

The ingenuity, resourcefulness and bravery with which U.S. Marines met the attacks of Jap forces by land, sea and air, is reenacted with compelling realism in "Wake Island," Paramount's film dramatization of the "Leath-erneck's" inspiring stand against the enemy for 14 days.

The clever ruses used to outwit the Japs and stave off invasion for two weeks form part of the story told in "Wake Island," which comes today to the York Theatre, with Brian Donlevy, Robert Preston, Macdonald Carey, Albert Dekker, Walter Abel, Barbara Britton and William Bendix in leading roles.

MACDONALD CAREY and Barbara Britton, now at the York Theatre in "Wake Island."

Timely Spy Drama Comes to Screen

A west coast spy ring, bent on destroying all essential public services in Los Angeles, forms the basis of many exciting events in "Foreign Agent," the Monogram drama which comes to the Rio Theatre today.

John Shelton plays the starring role in this thrilling picture, and the leading feminine part is enacted by Gale Storm, while other parts are in the hands of such well-known screen players as Ivan Laskeroff, William Halligan, Patsy Moran, Hans Schumm, Herbert Rawlinson, Kenneth Harlan and Jack Mulhall.

Sentimental Babe Took Mitt Along

When the Babe was packing his bags for the trip to Hollywood and a role in Samuel Goldwyn's "The Pride of the Yankees," now being shown at the Atlas Theatre, he couldn't resist taking the old glove off the wall and throwing it into the bag at the last minute.

"I don't know why," said the Babe, at Wrigley Field, while tossing a ball back and forth to Gary Cooper, who plays Lou Gehrig. "But I just couldn't see the old Babe getting all the fun out of the picture without letting the glove back into the game, too."

Comedy Drama at Plaza-Oak Bay

Three members of the original "Big Four" in the East Side Kids group, who in turn were members of the still more original sextette who first came to prominence in the New York stage production of "Dead End," are to be seen together in "Clancy Street Boys," the comedy-drama which opened today at the Plaza and Oak Bay Theatres.

The cast of "Clancy Street Boys" also includes Noah Beery Sr., Lita Ward, Ric Vallin, J. Farrell MacDonald, Martha Wentworth, Sammy Morrison, Eddie Mills and Dick Chandee.

Tin ore amounting to nearly 50,000 tons was shipped from Bolivia in 1942, an increase of approximately 20 per cent in a two-year period.

'Random Harvest' Held at Capitol

"Random Harvest," adaptation of James Hilton's new novel, brings to the screen an engrossing story of a strange case of suspended memory, which motivates a haunting romance. Teaming Ronald Colman and Greer Garson, in her first picture since "Mrs. Miniver," it is being held over again at the Capitol Theatre.

Following the Hilton novel closely in its details, it is told on the screen as a "straight line" story, while in the book it was told in "flashbacks."

CADET THEATRE

For the first time in her long movie career Mary Astor appears as a blonde. It's in Paramount's comedy romance, "The Palm Beach Story," currently at the Cadet Theatre. The picture co-stars Claudette Colbert and Joel McCrea.

Miss Astor has a featured role—that of a much-married woman of wealth with nothing on her mind but deciding who is to be husband No. 8.

To Comb Prairies For Ship Workers

Victoria shipyards, with the approval of National Selective Service, within the next 10 days will open an advertising campaign on the Canadian prairies for skilled men to work on naval craft.

Engine fitters, electricians and pipe-fitters are specifically needed for the outfitting of vessels. Men experienced in these and other trades will be brought out to the B.C. coast and taught the specialized shipbuilding work.

Songhee Launched

The wooden supply vessel Songhee was sent afloat from the ways of a west coast shipyard at 11.45 Wednesday night.

The vessel, named in honor of the Songhee tribe of Indians, was christened by Mrs. W. E. Poupore after the blessing ceremony had been performed by Ft. Lieut. Dunn.

The ship glided down the ways easily, the scene being illuminated by flood lights.

Songhee is the first of three vessels of a new type under construction for operation in north coast waters.

CHANNEL CLOSING

W. L. Stamford, agent for the Department of Transport, informs mariners that the channel under the fixed span of Kitsilano Bridge, False Creek, will be closed to traffic from 21.00 hours May 15 until 10.00 hours May 17.

French Cruiser Sank Sub-Supply Tender

DAKAR, French West Africa (Delayed, AP)—The 7,500-ton French cruiser Georges Leygues, based at Dakar, sent a large submarine supply ship to the bottom and returned to port with 90 prisoners.

The engagement took place near the equator April 13. The sinking was a severe blow to U-boats operating in the shipping lanes abutting west and central Africa.

The commander of the Georges Leygues, Capt. De Valsseau Robert Jaujard, reported that the German vessel had an unusually large number of trained gunners aboard, indicating she was carrying men for submarines as well as fuel and supplies. She had embarked, he said, from a Bay of Biscay port. The loss of life was not heavy.

Kaiser Yard Launches 4th Aircraft Carrier

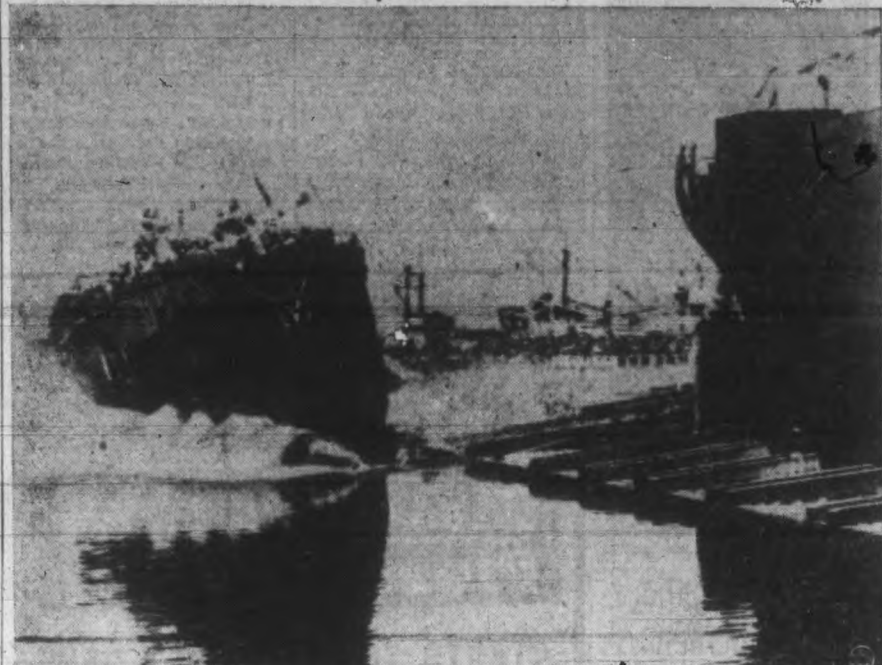

VANCOUVER, Wash. (AP)—Henry J. Kaiser's shipyard here Wednesday night launched its fourth aircraft escort carrier, U.S.S. Corregidor.

The vessel went down the ways only 37 days after the christening of the first carrier, Alazon Bay.

First of Five, Launched By Quints

Launched with Annette of the Dionne quintuplets cracking the traditional bottle on her bow, the S.S. Watson Ferris slides down the ways at Superior, Wis. The ship was one of five freighters at whose mass launching the quintuplets officiated.

Typhoid Scare Dies Down

SEATTLE (AP)—With more than 1,900 workers inoculated against typhoid voluntarily, officials of the Lake Washington shipyard at Houghton said today

the "typhoid scare" over the drinking of polluted water there recently had ceased. No case of typhoid developed. Hundreds of other employees received anti-typhoid injections at other stations beside the yard.

Prices Droop

TORONTO (CP)—Trends were mostly downward in sluggish trading up to the fifth hour today. Industrials, golds and wheat oils indices were all pared and base metals looked like joining them.

Higher in golds were Teck, Hughes, Lamaque, Lelich and San Antonio. Losers included Wright-Hargreaves, Malaric, Kerr-Addison, Beattie.

Massey, Moore and Dominion Stores showed resistance in industrials and moving back were Ford, Gypsum and United Steel. Smelters were ahead in base metals but Steep Rock, Falconbridge and Sherritt were among the laggards.

C.P.R. took a tumble in utilities and, in oils and refineries, Ajax and International Petroleum both tacked on minus signs.

Calgary Livestock

CALGARY (CP)—Cattle 86, no calves, hogs 611, sheep 7. Medium-good butcher steers 11.25 to 12.00; good to choice butcher heifers 11.00 to 11.75; common-medium 9.75 to 10.75; good cows 8.75 to 9.50; common-medium 7.50 to 8.50; canners and cutters 5.00 to 7.00. Good bulls 9.00 to 9.75. Good-choice veal calves 12.00 to 13.00; common-medium 10.00 to 11.00. Good stocker and feeder steers 9.00 to 10.00. Good lambs 13.00 to 13.50. Hogs yesterday 15.40 for B1 yards and plants; sows 10.75 live weight yards; 13.40 dressed yards and plants.

7,000,000 Pounds of Fat OTTAWA (CP)—Mrs. Phyllis Turner, administrator of oils and fats for the Prices Board, said in a board statement today that more than 7,000,000 of the 35,000,000 pounds of fats which must be raised this year by salvage for the manufacture of glycerine already have been collected, bulk of it across butchers' counters.

New York Stocks

NEW YORK (AP)—A number of odds-on favorites did relatively well in today's stock market competition, but many leaders were left at the post, or finished in the losing field.

Volume was around 1,000,000 shares.

On the side of the bulls was the great Tunisian victory, growing idle investment funds, and assorted hopeful business items. Some potential purchasers, however, stood aside to await developments in connection with the war strategy conferences at Washington. Thoughts of curtailed expansion of armament production facilities also acted as a curb on sentiment.

Canadian issues were mixed. Fractional gains were marked up for Lake Shore and Dome, while the leading liquor stocks, Hiram Walker and Distillers Seagram, were off slightly. C.P.R. field unchanged.

Dow Jones averages closed today as follows:
30 Industrials 137.85, off 0.36
20 Rails 36.04, off 0.07
15 Utilities 19.90, off 0.18
Total sales—1,028,300 shares.

Leaders Hit Peaks

MONTREAL (CP)—Selective leaders were at new peaks in trading up to the final hour today on the Stock Exchange and curb market, but the majority of issues appearing were unchanged to mildly irregular.

Montreal Telegraphs and International Utilities A were in new high ground in utilities and Canadian Steamship lost ground in carriers.

Alcoa preferred and Ontario Nickel were improved in metals and International Nickel and Noranda were in arrears.

In newspapers, Abitibi was higher and Donnan, Dryden, Consolidated Paper, Howard Smith and Fraser voting lagged. Central Cadillac and Anglo-Canadian slipped in golds and oils.

Grain

WINNIPEG (CP)—Wheat prices dropped fractionally on Winnipeg Grain Exchange today, the May closing 1/2 cent lower at 97 1/2 cents, the July 1/2 cent lower at 98 1/2 cents, the October 1/2 cent lower at 99 1/2 cents, and the December 1/2 cent lower at \$1.00 1/2.

Offerings outweighed light American, mill and shipper buying as weakness at Chicago caused a flurry of local selling. In the cash market aggressive American demand for Canadian oats was reported and 200,000 bushels was sold. A little cash barley also sold for export to the United States.

A fair quantity of No. 2 northern wheat was taken in the cash market by shippers while carlot quantities of No. 4 northern went to eastern account.

Trade in the coarse grain futures market was quiet with scattered liquidation reported in barley together with one or two minor transactions in rye. Oats failed to open.

Grain inspections at Winnipeg yesterday totaled 449 cars coming with 761 last year. Country marketings amounted to 563,000 bushels, against 218,000 a year ago.

CHICAGO (AP)—Grains dropped about a cent at times today, wheat and oats moving to new lows for the past three weeks or longer, as steady selling uncovered a scarcity of bids. Some stop loss orders were touched off, accelerating the decline.

Wheat closed 1 to 1 1/2 lower, May \$1.43 1/2 to \$1.43 1/4, July \$1.41 1/2 to \$1.41 1/4, corn was unchanged at \$1.05, oats were off 1/2 to 1 1/2 and rye dropped 1/2 to 1 1/4.

THE STORY BEHIND MEAT RATIONING

Food is a weapon of war, and we must share our supplies with those who are fighting to keep the war from our shores. After all special wartime demands are taken care of, only one half of the meat produced in Canada will be available for ordinary domestic consumption at home.

Meat supplies for our Armed Forces must be maintained at all costs.

Canned meat is required in large quantities by the Red Cross to send to our boys who are prisoners of war.

Great Britain has to depend more and more on Canada for supplies to maintain even its present low ration rate of 28 cents worth of meat per person, per week.

Places like Newfoundland and the West Indies, which previously secured their meat from other sources—must now depend to a great extent on Canada.

Since the war started the consumption of meat by civilians has increased in Canada. Great defense projects such as the Alcan Highway and the Shipshaw Power Development have created new and large demands for meat in areas where practically no demand existed before.

The many extra ships of the United Nations now calling at Canadian ports, must be furnished with meat.

RATIONING IS INTELLIGENT FORESIGHT—INTELLIGENT PLANNING

Coupon rationing is the only way of ensuring equal sharing of the meat available for civilian consumption in Canada. Those with lots of money will not get more than their share—and those with less money will be assured of getting their fair share.

Rationing will help prevent local meat shortages such as occurred last year from becoming widespread and continuous throughout the whole Dominion. The incentive for panic-buying which empties butcher shops early in the day, will be eliminated.

THE MEAT RATION WILL BE AMPLE FOR HEALTH AND NUTRITION

Fortunately, our meat production in Canada has increased. So, although only half our production will be available for civilian use, it will mean a reduction of only about 15% to 20% in the average household consumption.

The proposed ration of 2 lbs. (carcass weight) per person, per week, has been approved by the country's leading food and nutrition authorities, as ample for the health and nutrition standards of everyone—regardless of age or occupation.

DATES AND OTHER DETAILS REGARDING MEAT RATIONING—SOON TO BECOME EFFECTIVE IN CANADA—WILL BE ANNOUNCED LATER.

THE WARTIME PRICES AND TRADE BOARD

Bralorne Up to 9.25

VANCOUVER (CP)—Oils were buying feature this morning on the Vancouver exchange. Prices were generally higher along the board and trading closed at 7.125 shares.

Bralorne mines climbed to 9.25 and Gold Belt 3 to 15. Island Mountain was up 2 at 72. Anglo-Canadian Oil went to 61, up 3 and Okalta to 60, up 2. A. P. Consolidated and Calmont each gained 1 closing at 11 and 24 respectively.

Dorothy Dix:

Dear Miss Dix: Is there any known cure for laziness? I am married to a lazy bones who lies in bed until noon, smoking cigarettes and reading novels, while the house is dirty, the meals are sloppy, the children are neglected and given a dime to run to the corner grocery and buy crackers instead of having a good lunch. Is there anything I can do about it?

Answer: The only remedy that I know for laziness is divorce. If your shiftless wife knew that if she didn't get up and get you a good breakfast and take proper care of your home and children that she would lose her job and

have to go and stand behind a counter, or pound a typewriter, instead of lying in bed, she would get busy. Why don't you threaten to fire her because she is loafing on her work?

TO VISIT WEST

TORONTO (CP)—Mrs. Ronald Carton, former women's editor of the London Times who flew to Canada some months ago to visit her father and her two children here, said today she will take the children to western Canada soon "as I consider it most important for them to see as much of the country as they possibly can."

Chokedamp Exists After Mine Air Is Robbed of Oxygen

Yesterday I said a few words about mine gases, in connection with the use of canaries as a safety measure. A canary may be poisoned to a point where it falls from its perch, but oxygen can be used to bring it back to health.

In the same way it is possible, in many cases, to save the lives of miners after they have been overcome by gas. When the rescue is quick, the injured man is likely to be saved.

Coal mines hold the most danger for miners. Several kinds of gas may be found in them.

One coal mine gas is known as "firedamp." Another is "white damp," and a third is known as "chokedamp."

Firedamp is the most widespread of the gases. If present in the right amount, it can cause an explosion.

When a very small amount of firedamp is found in a mine, it is a warning, but does not cause an explosion. According to studies which have been made, the methane gas in the firedamp must be mixed with air to the extent of at least six parts to 94 parts of air before there will be an explosion.

That partly explains why miners dare to carry safety lamps into mines. The flame of such a lamp is shielded, but, in addition, there is this fact: Over the flame of the lamp, a violet blue "cap" is to be seen when there is as little as one-half part of methane to 99½ parts of air. The "cap" provides an excellent warning.

When the methane gas in firedamp is mixed with air to the extent of more than 22 parts, it no longer is explosive. This is a strange fact, but has been learned by tests. The most explosive mixtures of methane are those in which there are eight to 14 parts of it in each 100 parts.

Chokedamp, also known as "blackdamp," brings a different kind of danger. It fills chambers in mines after the air has been robbed of oxygen.

What robs the air of its oxygen?

Sometimes the oxygen is taken out—or "absorbed"—by the coal. In other cases the oxygen is "eaten up" during blasting in the mine.

A man cannot live in air which has lost its oxygen, and the chokedamp will suffocate a man who stays in it for a time. His only hope for life is through being revived, and this may be done with the help of an oxygen mask.

(For general interest section of your scrapbook)

A metal alloy that is completely molten at 180 degrees Fahrenheit (lower than the boiling point of water) is a mixture of bismuth, lead, tin, and cadmium.

Victorian Order Calls In April Were 1,158

Calls made by nurses of the Victorian Order in the city during April totaled 1,158, according to the report made by the supervisor, Miss A. Creasor, at the board meeting Tuesday, Mrs. Peter G. Barr presiding in the absence of Mrs. R. B. Horton. Other figures quoted by Miss Creasor included 270 calls to mothers and babies, 21 to pneumonia cases, 258 to communicable disease patients, nine cancer, 254 chronic, 199 others, and 147 instructive visits. There were eight "well baby" clinics held, with a total attendance of 196.

Miss Creasor spoke of the conference of social service workers held with Miss Grayson, assistant professor of sociology of U.B.C., also of the five-day refresher courses held by Provincial Department of Health. The supervisor also announced the Child Health Centre in Esquimalt is to be opened before the end of May. She reported that Miss Empey of the Victoria staff had attended the Provincial Health Conference in Vancouver.

Interesting figures from the 45th annual meeting of the Victorian Order of Nurses for Canada, held in Toronto recently, included over 700,000 visits made throughout the Dominion to 88,646 patients during the past year. There were 65,953 visits made to 10,216 families with a member in the armed forces. During 1942 some 36 branches gave a school nursing service, 53

branches conducted child hygiene centres and 36 branches gave assistance with immunization clinics. With eight new branches formed during the year, the total stands at 99, with 387 nurses.

Mrs. Horne, of the National War Finance Committee, spoke briefly at the end of the meeting. She stressed the importance of the practice of thrift on the part of Canadian women, so that national economy might be kept on an even keel. "If women spend 80 per cent of the nation's income, then we can save 80 per cent," she remarked.

Red Cross Notes

CORDOVA BAY UNIT

Cordova Bay Red Cross Unit met at home of Mrs. Geo. Ross, Tuesday afternoon. Mrs. K. M. Lewis presiding. Plans were completed for a dance in McMoran's Pavilion Saturday. Music will be provided by Patricia Bay Station orchestra, R.C.A.F. General arrangements are in the hands of Mrs. B. Dyer, and committee. Mrs. Noel Thomas was appointed treasurer of the unit to succeed Miss Bethel Thomas, who is unable to continue in office. Mrs. Lewis brought a request from a group of 'teen-age' girls for organization through which they might work for the Red Cross. Girls interested in forming such a group, which will be an auxiliary to the unit, will meet at the home of Mrs. Lewis, Friday afternoon at 4. Mrs. C. L. Brown was appointed to act as leader. The next meeting will be held June 8 at the home of Mrs. C. H. Spicer.

URGENT MESSAGE

to all residents of
OAK BAY and SAANICH

Only two days to go and the residents of Oak Bay and Saanich are still away behind in their subscriptions to the 4th Victory Loan.

And the question now is, are we of these two favored sections of Greater Victoria going to allow our names to appear in the list of the "also rans," or will we proudly hold up our heads with every other "over the top" community across Canada?

Call Your Victory Loan Headquarters — See Your Banker

Take your banker's advice about your savings. He will tell you that a Victory Bond is the safest of all investments. Any banker, every banker will advise you to buy all the bonds you can, or will actually lend you money to buy MORE bonds. He will tell you, too, that it is poor business to leave your money in a bank, earning only 1½%, when your Government offers to pay you 3%.

Our quotas in Oak Bay and Saanich were not fixed by haphazard guesswork, but because of the exact number of Canadian citizens living here, AND YOU ARE ONE OF THEM.

ONLY 2 DAYS TO GO

and we must still raise \$500,000

True, you have already subscribed about \$1,600,000, but it isn't enough, not nearly enough. The Oak Bay Municipal Council has invested \$40,000 and the Saanich Municipal Council \$25,000, and they urge every citizen to do everything possible to bring this 4th Victory Loan to a victorious conclusion. If a salesman hasn't called upon you get in touch with your Victory Loan headquarters at once. Remember, only three days more to get on the honor roll.

75,000 Planes
U.S. Goal in 1943
WASHINGTON (AP) — President Roosevelt's new 1943 aircraft production goal—911,000,000 pounds—apparently means about 75,000 planes.
While this figure is much smaller than his original goal of 125,000 planes, announced early in the war, this year's output figured on a weight basis will equal 150,000 planes of the 1942 vintage.
In 1942, the first year of real mass production, the United States produced about 48,000 planes of all types with a total weight of 291,000,000 pounds, or an average of approximately 6,060 pounds per plane.
Chairman Donald M. Nelson of the War Production Board predicts the 1943 models will have an average weight twice as great as last year's. So 911,000,000 pounds of planes, each averaging 12,000 pounds, would mean between 75,000 and 76,000.
Mr. Roosevelt translated aircraft production, past and projected, into pounds to fully reflect the emphasis on heavier planes, particularly the growing output of four-engine bombers.
Next year's goal, as announced by the President, is 1,417,000,000 pounds. Assuming a further average increase in weight of 25 per cent—from 12,000 to 16,000 pounds per plane—this would mean about 90,000 planes.
Drop Comic Strips For Victory Loan
REGINA (CP) — Under the heading, "Three days to go; six reasons to buy," the Regina Leader-Post today carried the following notice today on its regular comic page, "Looking for the comics? Well, you won't find them in today's Leader-Post. We've left them out this once to make way for a grimmer, more compelling kind of humor... Sorry, but we know you'll understand and maybe even buy an extra bond to speed the day of victory." In place of the customary comic strips and panels appeared a selection of six Victory Loan cartoons.
"HERE'S THE NEW IMPROVED OLD DUTCH CLEANSER"
NO CHANGE IN THE PACKAGE — THE DIFFERENCE IS ALL INSIDE
IT'S GRAND! CUTS CLEANING TIME ALMOST IN HALF!
SIMPLY DISSOLVES GREASE LIKE MAGIC!
NO MORE HARD RUBBING OR SCOURING!
"I never dreamed any Cleanser could take hold of grease and dirt so fast! I've said 'Good-bye' to hard rubbing and scouring forever... thanks to the New, Improved Old Dutch."
No matter what your favorite cleanser has been, you owe it to yourself to try the New, Improved Old Dutch. Then see for yourself how much easier it is to get things clean and sparkling. Your dealer has it! No change in package... the difference is all inside. Made in Canada.
